

SEN. HOKE SMITH DEFENDS REPEAL

Georgia Senator Takes Firm Stand For Repeal of Clause Granting Exemption of Tolls to American Coastwise Vessels—Only Fair and Right That Every Vessel Should Pay For Use of Canal Built at Vast Expenditure of the People's Money, Is Claim of Senator.

By Associated Press.

Washington, D. C., May 12.—Senator Hoke Smith, of Georgia, today championed repeal of the clause in the Panama canal act granting exemption of tolls to American coastwise vessels in the coastwise trade. He told the Senate he would vote for repeal "because of our treaties with Great Britain and Panama," and because in his opinion, "It is right that the owners of these vessels should bear, for using the canal, a fair part of the cost of our government of building and operating it." Summarizing his objection to exemption Senator Smith contended that:

"The coastwise vessels will naturally stop at the ports of Cuba, Mexico, Central America, Panama and, perhaps, elsewhere. Their cargoes will not be limited exclusively to bona fide coastwise traffic of the United States.

"Traffic from foreign countries will be unloaded at ports of the United States to be immediately reloaded in a coastwise vessel for passage through the canal to the opposite coast of the United States, thus in reality carrying through the canal foreign traffic in coastwise vessels without paying tolls."

Reviewing the history of the Panama tolls legislation, and quoting from a speech accredited to Former President Taft early this year, the Senator said:

"Mr. Taft was wrong in supposing that the idea of Democratic senators and congressmen in voting to free the coastwise trade from tolls was to give a subsidy to our coastwise ships. Had they known that he considered it necessary under the treaty to fix the tolls at a rate which estimated payment of tolls by the coastwise vessels, thus making the freedom of the coastwise vessels from paying tolls, a clear subsidy, Democrats would not have disregarded their party platform and the established principles of their party by voting for this subsidy."

"Those who seek to restrict the meaning of the Hay-Pauncefote treaty by picking here a word and there a word in disregard of the entire tenor of the treaty," he continued, "merely disclose the unshakable fact that the treaty intended to provide for the use of the canal by the citizens of the United States and the subjects of Great Britain and of other nations observing the rules prescribed, so that there would be no discrimination against any of the citizens with respect to the conditions or charges of traffic for passing their commerce through the canal."

Senator Smith declared that the Hay-Pauncefote treaty is made a part of the title to the canal zone in the treaty of conveyance from Panama, and that talk of terminating it from a legal standpoint was 'absurd'. Termination of the treaty," he asserted, "would compel us to give up the canal unless we abandoned our attitude as a law-abiding nation and resorted alone to battleships and brute force to keep the property."

"Our right to fortify and use the canal as a national defense," he added, "followed ownership of the zone, and Great Britain, by promptly conceding this fact, conformed to the terms of the treaty."

Mr. Smith said that the contention that the words "all nations" in the treaty mean "all other nations" and do not include the United States, "is based upon a rule of construction which might have been applicable if the United States at that time had owned the canal and the territory through which the canal was built, and was simply granting a provision to some other nation." That contention, he declared, however, would have had no force under the present treaty, because it declared that the general principle of neutralizations of the Clayton-Bulwer treaty should not be impaired.

Outlining the interest which Canada and the countries of South America had in the tolls controversy, Senator Smith said:

"When the president in his message referred to 'other difficulties' to be raised by the passage of our coastwise vessels through the canal without charge, while I do not speak ex cathedra, I may well conceive that he had in view our general relations with all our neighbors in America, and not what may have suggested, some ulterior purpose in connection with the government of Great Britain."

The senator argued that the United States really would surrender nothing by the repeal. "The surrender," he continued, "is made only if we fail to make the corporations owning these vessels pay their just part of the expense of the Panama canal. Their gain through the subsidy now allowed is the loss of all the people."

He asserted that if a subsidy were to be granted to any vessels, "it should be given to those engaged in the foreign trade which need help, not to those engaged in the coastwise trade already protected from foreign competition, already rich and prosperous."

WORK OF DEMONS

By Associated Press.

Kingston, N. Y., May 12.—A bomb thrown mysteriously into the bedroom occupied by Mrs. Darwin Hinckley and her two daughters early today exploded and seriously injured two of them. One of the daughters escaped unhurt. Mrs. Hinckley received injuries which may result in blindness. Before the explosion the family was awakened by hearing something drop in the room. As they got up to investigate, a blinding explosion drove them against the walls.

ETNA AGAIN ON RAMPAGE

By Associated Press.

Catania, Sicily, May 12.—Slight earthquake shocks were felt today in this vicinity and Mt. Etna became very active again. During the night tongues of flame issued from the crater surmounted by a high column of smoke. The bodies of all those who were killed during the recent disaster have been buried.

OPEN CANAL NEXT WEEK

By Associated Press.

Panama, May 12.—The first ship to pass through the Panama Canal under regular conditions will prob-

ably make the trip early next week, according to Governor Goethals.

The channel through Cucaracha will be completed about Thursday.

PRESIDENT CONFIDENT OF RESULT

By Associated Press.

Washington, D. C., May 12.—Members of the cabinet, after a long conference with President Wilson today, on the Mexican situation, declared the President maintained confidence that mediation would succeed and that further strife would be averted.

Most of the discussion in the cabinet meeting, it was said, related to mediation.

The situation at Tampico was reported to have been discussed. Lack of definite information as to the progress of the battle raging at Tampico caused cabinet members considerable concern. The report from London that Great Britain had ordered the Bristol, a speedy cruiser, to proceed to Tampico was not regarded as of particular interest.

SEVEN KILLED IN EXPLOSION

By Associated Press.

Norfolk, Va., May 12.—Seven dead and three severely injured was the toll of the explosion of one of the boilers of the Old Dominion Liner Jefferson, at 10:55 last night, five miles inside Cape Henry.

The dead are all colored firemen and coal passers, while the injured are Chief Engineer W. L. Portlock, Chief Assistant Engineer H. B. Smith both of New York City and M. Olsen, an oiler.

MYSTIC SHRINE TAKES ATLANTA

By Associated Press.

Atlanta, Ga., May 12.—With the arrival today of special trains from the north and west, Nobles of the Mystic Shrine from every state had reached Atlanta in time to partici-

pate in events incident to the Imperial Council's formal opening.

Templars and Patrols were in line early and more than fifty bands were in the parade. Mayor Woodward declared today a civic holiday in honor of the Shriners. The chief parade will take place tonight.

MURDER SCENTED

By Associated Press.

Pittsburg, Pa., May 12.—What the authorities of Allegheny county believe was a murder and robbery was uncovered early today, when the body of Dr. George W. Goetz, 28, of McKeesport, was found on the railroad tracks near Hawkins Station. The head was crushed and both feet had been cut off.

CLAIM NYE GOT FORTUNE

By Associated Press.

Columbus, O., May 12.—Dr. Geo. D. Nye, former representative from Pike county, received an aggregate sum of \$35,217 from the Ohio Electric Company and The Stratford Construction Company for ties of poor quality, and the contracts were arranged by Wm. Kirkby of Toledo, lobbyist, in exchange for Nye's influence in the legislature. This will be brought out in testimony of the state in the trial of Kirkby on a charge of bribery, according to an address of Attorney General Hogan to the jury today.

DRINKING TROUGH SPREADS DISEASE

By Associated Press.

Philadelphia, Pa., May 12.—Following its ban on common drinking cups for human beings, the Board of Health today forbade the common drinking trough for animals. Glanders and other diseases are spread by common troughs, it was declared.

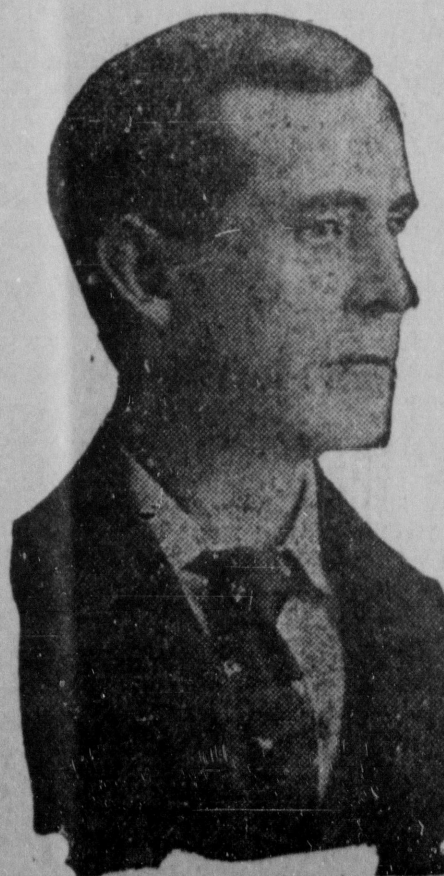

FEELING IS AGAINST U. S.

By Associated Press.

PARIS, FRANCE, MAY 12.—"DEATH TO AMERICANS" WAS WRITTEN IN SPANISH IN LARGE BLACK LETTERS ACROSS THE STONE DOORSTEP OF THE UNITED STATES EMBASSY OFFICE IN PARIS EARLY TODAY. THE AUTHORITIES HAVE POSTED THREE POLICEMEN ON PERMANENT DUTY IN THE VICINITY.

JUDGE A. G. DAYTON

Federal Jurist Under Fire in the House of Representatives.

MEXICANS ORDER CONSUL'S RELEASE

By Associated Press.

WASHINGTON, D. C., MAY 12.—SENOR OLIVERA, THE BRAZILIAN MINISTER IN MEXICO CITY, INFORMED THE STATE DEPARTMENT TODAY THAT THE MEXICAN GOVERNMENT HAS ORDER-

ED THE IMMEDIATE RELEASE OF VICE-CONSUL JOHN R. SILLIMAN, HELD PRISONER AT SALTILLO.

THE MINISTER ADDED THAT AS SOON AS MR. SILLIMAN REACHED MEXICO CITY, HE WOULD OBTAIN FOR HIM SAFE CONDUCT TO VERA CRUZ.

MEXICAN WAR GOES MERRILY ON

By Associated Press.

Washington, D. C., May 12.—Admiral Howard, commanding the American fleet off the west coast of Mexico, today reported a battle be-

tween the Mexican Federals and Zapata revolutionists, 20 miles from Acapulco. Admiral Howard said that 16 Zapatastas were killed. The fighting at Mazatlan continues, the report said.

FEDERAL TROOPS GO TO CAPITAL

By Associated Press.

On board the U. S. S. California, Mazatlan, via Wireless to San Diego, May 12.—Mexican Federal troops defending San Blas, a seaport half way between Mazatlan and Manzanillo, have evacuated the town. It is understood they were ordered by Huerta

to proceed to Mexico City to strengthen the force there. It is believed troops at other points on the west coast will be ordered to the capital. Americans in the Yaqui Valley, reassured by the promises of the Constitutionalists, have decided to remain on their ranches. General O'Bregon is said to have guaranteed protection.

CARE NOTHING FOR LOBOS ISLAND

By Associated Press.

Washington, D. C., May 12.—State and Navy department officials were inclined today to regard as unimportant the Lobos incident which had caused Gen. Huerta to protest that the landing of American forces there

to re-open the light house, constituted a breach of the armistice between the two armies. Secretary Daniels said there was no thought of occupying the island in the war sense of the term. "We have no desire of taking the island," said Mr. Daniels.

LOOK INTO NEW RIVER DISASTER

By Associated Press.

Eccles, W. Va., May 12.—Formal inquiry into the causes leading up to the explosion in Mine No. 5 of the New River Collieries Company April 30th, which claimed 172 lives, was commenced today by Earl Henry, Chief of the West Virginia Mining Department, in connection with representatives from the office of Attorney General of the state.

Experts from the Federal Bureau of Mines will begin their investigation tomorrow and the owners will have the mine examined later in the week. This will be followed by the inquest. There are still 14 bodies in the mine, but crews are working day and night to clear away the debris under which they are buried.

ROSE TELLS SAME STORY

New York City, May 12.—Jack Rose, star witness on the first trial of Charles Becker for the murder of Herman Rosenthal, appeared in that role again today. A trifle stouter than when he appeared before, he took stand shortly before noon and calmly told of the part he played in the events leading up to the gambler's death. Substantially, it was the same story that he told in the first trial. Rose recited how Becker and Rosenthal had entered into a partnership in a gambling establishment, how they quarreled, how exposure for Becker was imminent and how Rosenthal's death was plotted.

BRITISH CRUISER SENT TO TAMPICO

By Associated Press.

London, England, May 12.—The British cruiser Bristol, now stationed at Portsmouth, was ordered today to proceed to Tampico as speedily as possible.

STILL ANOTHER HATCHET USER

By Associated Press.

London, England, May 12.—A militant suffragist armed with a hatchet today seriously damaged the valuable portrait of the Duke of Wellington in the Royal Academy. She had concealed the hatchet in her muff.

WROTE TREATY WITH AMERICA

By Associated Press.

Madrid, Spain, May 12.—Eugenio Montero-Rios, one of the best known Spanish statesmen and the man who drafted the treaty which brought the Spanish-American war to a close in 1898, died today, aged 82.

NAVAL BILL

By Associated Press.

Washington, D. C., May 12.—The Naval Appropriation bill was reported to the Senate today by the Naval Affairs committee, an increase of \$1,182,000 over the bill as it left the House. In all the bill carries \$140,990,833, or \$3,500,000 less than the estimates for the coming year.

MUST LIBERATE CONSUL AT ONCE

Bryan Protests Against Detention of John Silliman.

CONFERS WITH MEDIATORS

Latter Put the Protest of President Huerta Regarding the Seizure of Lobos Island Up to the American Secretary of State—Developments Threaten Success of the Mediation Conference.

Washington, May 12.—While peace negotiations marked time pending formal sittings of the South American mediators to begin Monday on Canadian soil, the mediators and officials of the state department here were occupied with several serious phases of the Mexican situation demanding immediate attention.

Secretary Bryan called at the Argentine legation and spent two hours in conference with the South American envoys, discussing the continued detention of John R. Silliman, American vice consul at Saltillo, by Mexican federalists, the reported seizure of Lobos Island with its lighthouse by American torpedo boats and the case of five South Americans, under arrest at Vera Cruz for firing upon United States sailors and marines.

Mr. Bryan insisted that the release of Silliman must be brought about at once. When asked about the matter later he would not say what would happen if the vice consul were kept in prison, but he was gravely emphatic in announcing the government's determination to have him freed.

The protest from President Huerta regarding the seizure of Lobos Island was put squarely up to Secretary Bryan by the mediators. The first official news of the landing of American sailors on the island has reached the navy department. Rear Admiral Mayo cabling that the Mexican keepers deserted the great lighthouse on the island and that the destroyer tender Dixie was "maintaining it for the benefit of navigation."

Other Disturbing Elements.
Other disturbing elements regard-

ing Mexico also continued to arouse interest. General Funston at Vera Cruz was appealed to by the Brazilian minister at Mexico City to release several South Americans, including three Brazilians, a Peruvian and a Chilean, who had been arrested and are awaiting trial for sniping American soldiers from refuge of a tramp steamer in Vera Cruz harbor.

The prisoners are understood to have been on a Norwegian merchant steamer lying in the harbor when the American troops were landing. When the naval officers located the snipers they signaled the ship to cease firing, and later an officer boarded the vessel and caught the five men with what he reported to be evident marks of their guilt. He promptly arrested them and turned them over to General Funston, who ordered their trial by a military commission. The penalty for the offense is death.

Secretary Garrison has already informed General Funston, pending further action by the state department, that any representations made to the American government in behalf of the prisoners must come from the diplomatic representatives of their own governments.

From Tampico, where Mexican federalists and Constitutionalists have been preparing for a sanguinary struggle, came rumblings of battle, while reports that Huerta's strength was waning in Mexico City and that the bandit leader Zapata is about to attack the capital from the south, served to rouse diplomatic agents of foreign nations lest their people in Mexico City might be in immediate danger of persecution or death.

Secretary of State Bryan replied to Huerta through the mediators that the United States has not taken possession of Lobos Island; that the American force there are merely maintaining the light, and there has been no violation of the so-called armistice with Huerta.

CANAL BARGE FLEET

New York, May 12.—The New York and Buffalo Steamship company, which has been organized with a capital of \$3,500,000 to operate the first line of freight vessels on the new state barge canal, has been incorporated at Albany. The new line will have a fleet of 30 vessels, all driven by electricity and operated from the pilot house instead of from the engine room.

WHY NOT DO THIS IN FAYETTE COUNTY?

Says the Chillicothe News:
"Road signs of enameled metal, bearing the names of towns and villages on the road and the distance to the larger ones, will be placed on all of the principal county highways in the near future, if the plans that will be laid before the Ross County Auto owners at a meeting to be called soon, are carried out. Sec. Walter Barrett of the Ross County Automobile Owners Association, is preparing a circular letter addressed to every auto owner in the county, asking him to attend the meeting when the proposition will be taken up and new officers of the association chosen."

USING MOVIE CAMERA TO INSTRUCT FARMERS

Agricultural Commission Now Has Plan For Bringing the Working Bees, Growing Plants, Tree Trimming, Gardening and General Crop Raising Right to the Farmers' Institute—Want More Farmers to Raise Bees—A New Departure.

By Associated Press.
Columbus, O., May 12.—Bees in buzzing swarms, being fed and nursed and driven into 'new hives—all seen through the Cyclops eye of a moving picture camera.

This is one subject of the state of Ohio's "movie" film production plant being used this week. The agricultural commission's motion picture camera, with its operator, Charles J. Benson, has been busy travelling over the state all spring getting pictures of the right and wrong ways of trimming trees, grafting and spraying plants, shearing sheep, planting onions and growing various crops.

The pictures will be shown at farmers' institutes next winter and at the Panama-Pacific Exposition in San Francisco.

Operator Bensinger will be sent to the state experiment station at Wooster soon and later to other places in the state where bees are raised successfully, to get yards of films showing how to care for them.

association, is preparing a circular letter addressed to every auto owner in the county, asking him to attend the meeting when the proposition will be taken up and new officers of the association chosen.

"It is the aim of those backing the move to have the old organization revived to make it county wide and to stimulate interest in the betterment of travel conditions in general through out the county. From a business as well as a pleasure standpoint, to both auto owners and travelers by other means, the road signs would be a great advantage."

"Funds for providing these will be obtained by charging a nominal registration fee or annual dues."

The camera nose will be shoved close to a swarm of flying and crawling bees and many feet of film run off. The pictures will show the inside of the hive, how it should and should not be kept. It will show the comb in all stages of preparation, the eggs, the queen bee, the drones, workers and nurses.

The agricultural commission of the state is starting a campaign to induce farmers to keep bees. Income from honey is said to be no more valuable than the pollenizing work of the insects.

The moving picture machine will be sent to the hills of southeastern Ohio to take a look at how farmers there have trained dogs to herd sheep on a large scale. It will go to the Scioto marsh in Hardin county where onions are raised extensively.

Those attending farmers' institutes next winter will be shown corn plants actually in the process of growth, with their tops pushing up through the soil and their leaves unfolding when they strike the surface and the sun. Such pictures were taken through a plate of glass set perpendicularly in the soil, with a corn plant growing next to it. The actual taking of the picture involved several weeks, and the use of a camera which automatically exposed the film at regular intervals of several hours.

MAY SEIZE MORE LAND

Lighthouses on West Coast of Mexico Ordered Deserted.

Washington, May 12.—The seizure and maintenance by the United States of the lighthouse on Lobos Island may be the cause of some action being taken in regard to other lighthouses in Mexico which have been deserted. It is learned that the Washington officials at the navy department are greatly concerned over Huerta's order to have all the lights on the west coast of Mexico put out. Secretary Daniels is alarmed not only over the danger to United States war vessels, but over danger to the shipping of other nations. He will consider this matter with Secretary Bryan and it will not be surprising if the lights, especially on the west coast, which the United States regards as essential to safe navigation, be manned and maintained by Americans.

RED MEN MEET

Dayton, O., May 12.—Several hundred delegates, representing 25,000 members of the Improved Order of Red Men and 10,000 members of the degree of Pocahontas, the ladies' auxiliary, are here for the annual great council session. The adoption degree will be conferred on a class of 200 tonight by Little Turtle tribe of Greenville, O., and Tawana tribe of Sidney, O. At the same time the degree of Pocahontas will confer the great council degree on a class of 100

THE MEXICAN ENVOYS HAVE NO AUTHORITY

Vera Cruz, May 12.—Willo Rabasa, Augustin Rodriguez and Luis Elguero, President Huerta's three peace commissioners, who will represent him at the peace conference at Niagara Falls, sailed for Havana and Key West. They departed without relaxing from the dignified attitude they first assumed when they struck the Americans' lines. They have held nothing but the most formal conversations with the Americans.

To Mexicans who visited them aboard ship they declared they were clothed with the broadest powers, but some of those to whom they said this are inclined to believe there is a string to it. No one thinks that the commissioners have power to agree that Huerta shall efface himself as a condition precedent to peace.

The generally accepted theory is that the Mexican envoys will endeavor to aid Huerta in his fight for delay. They believe the mediators are going to Niagara Falls determined to evade a direct issue as long as they can.

BRIBERY TRIAL BEFORE COURT

Columbus, O., May 12.—With the impanelling of the jurors the William Kirby bribery case was begun in the criminal court, before Judge Frank Rathmell. Kirby is charged with having bribed Dr. George B. Nye, former representative to the general assembly from Pike county, by purchasing from him as an agent of the Ohio Traction Co., many railroad ties in exchange for Nye's legislative vote.

WHAT THE FayetteCreditBureau ACTUALLY IS

It is merely the medium by which more than one hundred Business Firms and Professional Men have got together for the following purposes:

First: For mutual protection against those persons who either abuse their credit or fail to pay their just accounts. The person who willfully evades payment of a bill justly due on Bureau Member will not be able to get credit from any other member.

Second: To act unitedly to enforce payment from those persons who have failed to pay according to agreement. This applies only to those who can pay and don't pay. Just consideration will be given the unfortunate, and no hardship will be imposed upon any deserving person.

Third: To better provide for the needs of, and to accommodate more fully, all persons who are justly entitled to credit. This is accomplished by an accurate and reliable information service and is a distinct advantage to the customers of Bureau Members.

Fourth: To reduce the cost of making collections. As the Bureau is in the "wholesale" collection business many members find it cheaper to have it make all their collections than to employ a collector themselves and, of course, it is no reflection upon any person who pays promptly to have the Bureau present an account.

We wish to correct the false impression which a few persons seem to have that the Fayette Credit Bureau is a "collection agency" in the sense in which that term is generally understood. It operates a Collection Department, but never will resort to, or use any bluffing, bull-dozing or threatening methods to frighten people into paying accounts. Under the Bureau plan such questionable tactics are not required. However, any clean, reputable and business-like means positively will be used to enforce collections when necessary.

This Bureau is supported by and operated solely for the Business and Professional Men of Fayette County and has been and always will be conducted upon sound and clean business principles. It will promise nothing it cannot see a way to fulfill and will absolutely undertake to perform whatever it promises.

The following is a complete list of the present Bureau membership:

\$10.00 IN GOLD

BEST NAME

For Our New Bread

We will give to the person suggesting the best name for our new loaf of bread \$10 in gold. Take a label from our famous Butter-Krust Bread to your grocery, or bring it to our bakery; write your suggested name on a slip of paper, sign your name and

On July First

a committee of three disinterested ladies will carefully examine the names suggested and make the decision, but they will not be allowed to know who is participating.

Suggest as many names as you like. All you need is a Butter-Krust Label with each name.

The New Loaf

will be square in shape, two in a mould, and will be made from our Old Virginia family recipe called "Wheat and Injun."

The idea came to me from a government test of corn products, and the great food value found in corn. I use uncooked corn flakes and White Indian meal, instead of the old yellow "Injun", and malted milk instead of "one gord of barn". We get a dandy, white loaf that keeps moist and "eats fine".

Of course we will still make our famous Butter-Krust Bread, "the loaf that put us on our feet". We will also put Butter-Krust labels on this new loaf until your give us its new name July 1st.

SAUER'S BAKERY.

Church Advertising

Unique and startling as it may seem, it is quite true that advertising has entered into the field of church activities. If advertising has proven itself, as it undoubtedly has, a necessary medium for the selling of goods, for the exploiting of the manufacturer and the success of all business, why should it be less effective in advancing the success of the church?

It is the day of practical application of methods that bring results. Why then cannot the church adopt an important factor in business, clever advertising, to such purpose that it fills empty pews, that it brings about needed reforms and advances the spiritual life of the community.

The sentiment in favor of church advertising is a growing one.

Attention was called to it in our own city by the recent putting up of billboards, representing a church scene Sunday morning. Men, women and children are ascending the steps to the church door and at one side is a picture of the Christ blessing little children.

The unusualness of such a poster cannot but attract attention and its suggestion is one of far better incentive than the average scene on the billboard.

The idea of church advertising is taking on larger proportions. Ministers are no longer content with mere announcements of church services. They put into their announcements whatever is of an attractive nature and offer every legitimate inducement to allure the public.

There is a church in New Jersey that is advertizing as regularly as if it were a department store, howbeit, on a smaller scale. Well written display advertisements are inserted and newspaper space reserved for its exclusive use.

The pastor writes the advertisements and puts into them his own individuality and the pressing needs of the community as they are connected with the life of the church.

The chief problems in which this church has interested itself have been the providing for proper amusement for children and young people, and the offer of inducements for families of small means to find livelihood in the city.

This church has been so successful in its starting of the newspaper advertising movement that for several years it has been famous as one of the most active churches in the country in the direction of sociological progress.

It is not a wealthy congregation, but is exceedingly progressive, and has gained a reputation for actually doing things—things out of the ordinary—and doing them well.

No bargain sale ads have ever been more successfully worked up than have been these church advertisements which have influenced many outside of the direct reach of the church, to recognize and enter into its opportunities.

It is the verdict of the church and its pastor that this introduction of business methods into church management is paying well.

Facing Second Boer War In Which Topography of Mexico Will Fight Back Troops

By Mrs. HARRIOT STANTON BLATCH, President of Woman's Political Union

If you were on bad terms with a family down the street and you didn't want to get into a row with them you wouldn't go down and STAND IN FRONT OF THAT ILL HUMORED NEIGHBOR'S DOOR WITH CLINCHED FISTS, would you? I tell you we women know what's wrong in Mexico and what's wrong in this country.

IT WAS ONLY THE MEN WHO WERE ASTONISHED WHEN THERE WAS BLOODSHED AT VERA CRUZ AND WHEN CARRANZA GAVE US WARNING THAT ALL MEXICANS WOULD STAND TOGETHER. WE WOMEN KNOW OUR MEN CHILDREN. WE KNOW THERE WAS NEVER A TIME WHEN A PERSON INSULTED ONE MEMBER OF A FAMILY THAT ALL THE FAMILY DIDN'T PITCH IN TO RESENT IT, HOWEVER MUCH THEY MIGHT HAVE BEEN FIGHTING AMONG THEMSELVES.

I'll give you a woman's insight into what we are going to face if we go ahead. We are GOING TO FACE A SECOND BOER WAR, in which the very natural topography of Mexico will fight back our hundreds of thousands of soldiers and will keep them all at bay.

Poetry For Today

FLAT FAILURE.
 They did not even smash a plate,
 Those movers swift and able;
 They moved us to our new estate
 And did not wreck a table!

They did not break a kitchen chair,
 Or dent the fender's brasses.
 Away they drove and left us there
 With uncracked looking glasses!

Our pictures cause us no regret,
 Unspoiled our bookcase large is;
 Nor was I broke when I had met
 Those movers' modest charges!

They did not put a single dent
 In Joe's atrocious Dante;
 Uninjured are the presents sent
 On our birthdays by auntie!

Not one thing's damaged, no, not one;
 I've no chance for reproving
 Those movers who thus spoiled the fun
 Of picking up and moving!
 —Chicago News.

Weather Report

ASSOCIATED PRESS PRESIDENT TALKS

Defends Association Against Attacks From Competitors Who Try To Imitate Superiority of Service Rendered by Associated Press in Giving Reliable News of The World to its Patrons.

By Associated Press.
 Lawrence, Kans., May 12.—A letter from Frank B. Noyes, of the Washington, (D. C.), Evening Star, president of The Associated Press, who had been invited to address the Kansas Newspaper Conference, was read before that organization at the University of Kansas here today. The letter was as follows:
 Washington, May 7, 1914.
 Mr. Merle Thorp,
 University of Kansas.
 Lawrence, Kans.
 Dear Mr. Thorp:—
 It is a matter of sincere regret to me that I cannot be present at what I am sure will prove to be a most interesting and profitable conference. You ask me, inasmuch as I cannot be with you in person, to write you my views on the question you are to discuss today and this I am glad to do though I am not at all sure that I correctly understand the meaning of the question.

As you give it to me it is divided into two parts:
 1st. To what extent is a member of a press association entitled to a monopoly of news in a community?
 My answer to this is that no member of any press association can under any conceivable set of conditions be "entitled" to a monopoly of news in a community.
 The question answers itself.
 As a matter of fact no such monopoly exists and as an equal matter of fact no such monopoly could exist.
 The news of the world like the news of the vicinity is open to all.
 It is utterly impossible to monopolize it.
 If the question is intended to read: "To what extent is a member of a press association entitled to monopoly in a community of news gathered by the association of which it is a member" a different question is presented.
 I can only deal with this as an individual who took part in the formation of The Associated Press (the present organization).
 Our desire was to form a cooperative association of representatives of newspapers that should be the agency by which we could exchange news with each other and jointly collect news for our common use.

We conceive that we have an entire right morally and legally to do this, just as much right as a paper in Philadelphia, a paper in Chicago and a paper in Washington have a right to employ Mr. Richard Harding Davis to go to Vera Cruz and send dispatches for their joint use.
 It is for us to decide, in our view, whether we will enlarge our group by the admission of new members—as a matter of fact our present membership is very much larger than when we organized in 1909 though it now has only about one-third the daily newspapers of the country represented in its membership.

We have provided a method by which new members may be elected. My own view—and I have consistently acted on that view—is that a member should be elected when it is to the benefit of the Association generally.
 This does not at all mean that I would admit every applicant. We want our members individually to be strong and solvent. It does not strengthen or benefit the organization to elect another member in a field that will not support another paper.

I have also repeatedly refused to vote for an applicant for membership when I thought that his admission would tend to break down a competing news service.

I see by your program that Mr. Irwin is to speak on this subject. I greatly regret that I will not have the pleasure of hearing him—if only for the purpose of correcting

State of Ohio, City of Toledo, Lucas County, ss.
 Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

some of his misapprehensions as shown in a recent article that appeared in Harper's Weekly. * * *

I will leave to the representations of the other news services the heavy task of proving to you that The Associated Press has no monopoly of the news.

Coming to the second question "Should not the competitor of such a publisher have the right to demand and receive the same news service at a reasonable cost and with the privilege of having the first cost to him rebated over a term of years?"

I do not know what is meant by "having the privilege of having the first cost to him rebated over a term of years" and so cannot attempt an answer.

As to the first part of the question I think that a competitor has as much right to demand and receive the same news service as he would to demand and receive the use of the other paper's presses, composing room, editors, reporters and every other facility.

Just as much right and no more. And that is absolutely no right at all.

Very Sincerely,
 FRANK B. NOYES.

UNION TOWNSHIP INCREASE MORE THAN QUARTER MILLION

Deputy Assessor Hughes Files Report Showing Gain of \$281,454 in Union Township Over Returns of Last Year—Gain Is Over 50 Per Cent., and More Than Total Valuation of East Union Last Year—Two Townships Yet to Report.

Assessor Joseph C. Hughes has completed his work in Union township and his report filed with District Assessor Dunn shows the splendid increase of \$281,454 in personal property over last year's returns, or a gain of over 50 per cent over last year.

The total returns of personal property are \$842,995, while last year the returns totaled only \$561,541 in the two precincts. Two assessors did the work in Union last year, and one man listed the property this year.

Last year the returns in East Union

totalled \$208,662, and \$352,879 in the Western precinct.

It will be noticed by the above figures that the gain in the entire township this year is \$72,792 more than the total returns in East Union last year.

The gain in Union township has been one of the most pronounced in the county, and like the gains throughout the county, shows the successful work of the assessors under the Warnes tax law.

District Assessor Dunn expects to have the entire returns in by next week some time, as only two townships remain unfinished—Jefferson and Paint, and the returns from Paint township are expected at any time.

The few days' delay in Jefferson has been due to the fact that one man, George Blessing, is doing work which three assessors did last year, listing the property in both North and South Jefferson and Jeffersonville.

MANY ARE READY TO VOLUNTEER

Quite a number of new recruits have been added to Company M during the past two weeks, and a large number of persons who wish to take part in the conflict with Mexico when the conflict actually comes, have informed Capt. Hardway that they will be ready to go.

Dozens of men have held back until it becomes certain that the company will actually go to the front, and state that they will then enlist for service.

Meanwhile Company M is kept in readiness for departure on short notice, and members of the company are confident that they will go.

NEW HIGH SCHOOL BOND ISSUE CARRIES

By a majority of 103 votes the taxpayers of Deerfield township voted to build a new high school building in Clarksburg, to supplant the old structure in that thrifty village.

Work on the new building will be started within a short time, and it will be finished in time for school to open next fall.

FREIGHT DEPOT MAY NOT BE BUILT

C. H. & D. Railroad Has Not Decided to Accept Conditions of Ordinance Recently Passed by Local Council, According to Unofficial Report—Project May Be Abandoned or Negotiations for Changes Opened.

Unofficially it is stated that the C. H. & D. will, in all probability, not accept some of the conditions of the franchise granted by council for regulating the building of a new freight station and yards in this city.

Since the ordinance was passed it has received the close attention of the C. H. & D. officials, with the result that no further action toward building the new station has taken place, and it is claimed that the station and yards will not be constructed under the restrictions of the franchise ordinance.

It is expected that it will be definitely decided within a short time whether the project will be abandoned indefinitely, or whether negotiations for changes in the ordinance will be opened.

Meanwhile the inadequate facilities of the road at this point continue to hamper the handling of freight.

FLIES CAUSED EPIDEMIC.

London Government Board Objects to Offending Dust Heap.

London.—An outbreak of enteritis occurred last summer among the children in the Southwark infirmary, and nine died. The epidemic was definitely traced to the presence near the infirmary of the Camberwell borough council's dump for dust and rubbish, which is now taken to a railway siding at East Dulwich railway station, close to the infirmary.

The local government board has again called upon the Camberwell borough council to make other arrangements for the removal of its dust and rubbish.

Dr. Bruce, the medical superintendent, declared that the cause of the outbreak was to be found in the dust siding. During hot weather, he said, the institution swarmed with flies, and the children's wards were unbearable.

Dr. Fletcher, a local government board inspector, supported Dr. Bruce, but the borough council for the second time declined to take action and merely acknowledged the board's letter.

GROUNDS FOR DIVORCE.

Husband Set Ablaze When Lamp, Hurled at Him, Explodes.

Atlantic City, N. J.—"This makes good evidence upon which I can get a divorce," was the reply of John Hamilton to the police, when they demanded that he sign a complaint against his wife and met with a flat refusal.

The wife, it is alleged, in a rage hurled a lighted lamp at his head, which struck the wall, exploded, fired his clothing and set the furniture and carpets in his home afire. Firemen found him unconscious on the floor after they had used chemical fluid to conquer the blaze. He was sent to the hospital, where his burns were dressed. His injuries are not serious.

Love of Glory.

The love of glory can only create a hero; the contempt of it creates a man. —Talleyrand.

BOARD VOTES FOR A NEW SCHOOL BUILDING

At a meeting of the Board of Education of Perry township, Monday night a resolution was adopted to issue \$3,000 in bonds for the erection of a new school building in sub-district No. 6, to take the place of a building destroyed by fire several years ago.

The school is known as the Wabash school, and efforts have been made to replace the structure, but heretofore the Boards of Education have refused to take the necessary action.

However as there is a large number of children in the Wabash neighborhood, the present board of education decided to erect a new building.

The Perry township Board of Education consists of the following well known men: A. J. Johnson, T. L. Wilson, Henry Ritter, E. M. Haines, W. R. Everhart. The new building will be located on the site of the old structure some seven miles south of this city, and two miles north of New Martinsburg.

STOOKEY WOULD MARRY THE GIRL

Orville Stookey, confined in the county jail for the theft of his mother's horse, has informed fellow prisoners that: "Just as soon as I get out of here I am going back to Greenfield and marry one of the girls I was with when I was arrested."

Stookey apparently does not realize the enormity of his offense, and that it is likely to place him in the penitentiary for a term of years.

OUT FOR SHERIFF

Deputy Sheriff Andy C. Nelson has entered the contest for the nomination for sheriff, and is a candidate on the Republican ticket.

MORE COMMITTEES NAMED; HEADQUARTERS BUSY PLACE

Captains of the 20 Teams of Workers Will Meet at Y. M. C. A. Tonight—Interest in Campaign Preparations Increases—Plans for Association Include Broadening Scope of Its Work.

Another important meeting was held by the general committee of the Y. M. C. A. Monday night, and the remainder of the sub-committees were appointed as follows:

Committee to see out of town people, Miss Florence Ustick.

Banquets and Luncheons—J. Earl McLean, Ray F. Zaner and Ed Fite.

Clocks and Banners—J. Howard Hicks.

Automobile Service—Frank M. Kennedy and George Hitchcock.

Country Solicitations—E. L. Bush, Edgar Snyder and Ray F. Zaner.

The captains of the various committees are to be secured by Tuesday night, and will hold a conference at the Y. M. C. A. at 7:30 o'clock.

The campaign headquarters now presents a scene of utmost activity, with the click of five or six typewriters causing a continual clatter.

REAL ESTATE DEALS

A number of real estate deals have been closed for Washington C. H. property during the past two days.

Yesterday Howard Engle purchased the Lou A. Green residence property on Washington avenue, and in a few weeks will begin the remodeling of the property, making of it an attractive modern home. This is one of the most attractive locations in the city. The lot is 59x165 feet in size, has fine shade and pleasant surroundings. The sale was made by Dalbey and Hitchcock.

Captain E. A. Ramsay yesterday closed a deal for the purchase of the Wm. E. Taylor vacant lot on the south side of Washington avenue. The lot adjoins the C. R. Dalbey home. Captain Ramsay already has the plans drawn for a new 2 story bungalow residence on this lot, and it will doubtless not be long before the contract for building will be let.

Read about the Fayette Credit Bureau in this issue.

RIDDLE OF THE TIN SOLDIER IS COMING

Proprietor Johnson, of the Wonderland, has received word that the feature film, "The Riddle of the Tin Soldier," the scenario of which was written by Hugh C. Weir, of this city, will be shown at the Wonderland Wednesday night of this week.

The female detective, "Madelyn Mack," a clever character used effectively in a series of stories written by Mr. Weir, is the leading character in the play, and the part is filled by one of the film company's best actresses.

The same company is now rehearsing another production written by Mr. Weir, and five additional scenarios featuring Madelyn Mack have been ordered by the film company.

COURT OF APPEALS IS MAKING HEADWAY

The Court of Appeals, which convened here Monday morning, is making good headway in the hearing of cases.

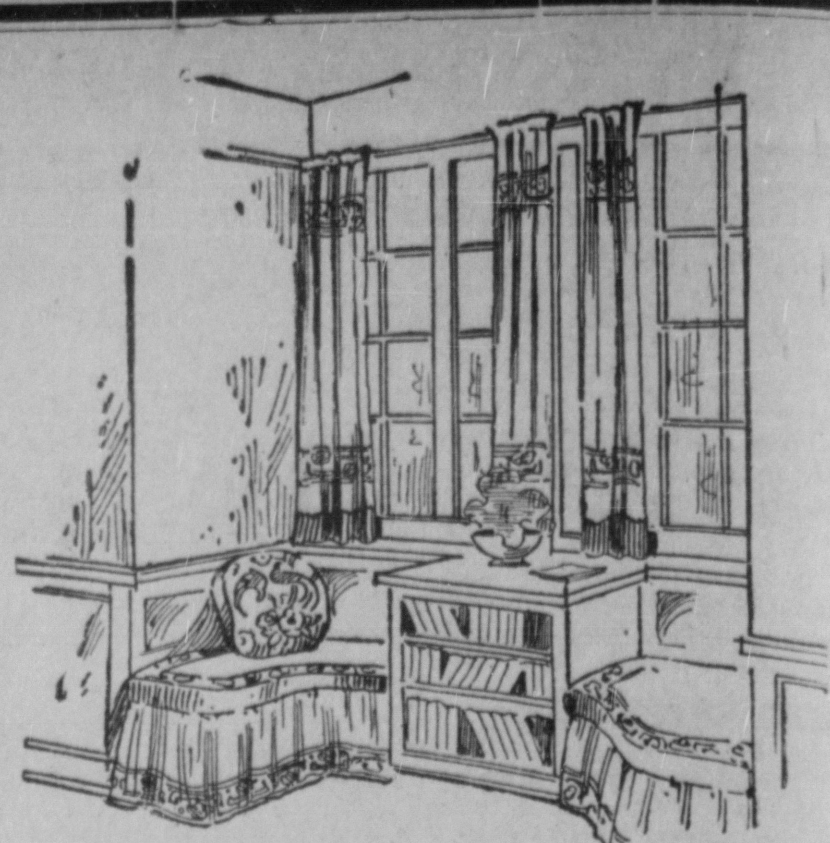

Tuesday morning the case of the B. & O. Railroad against Matthew Hanna, et al., was taken up for hearing.

Judges J. I. Allread, Columbus, H. L. Farneding, Dayton and A. H. Kunkle, of Springfield, are on the bench.

MAKING IMPROVEMENT

Workmen are making some radical changes in the office of the county commissioners. The changes were recently authorized by the commissioners, and consist of the installation of a toilet room in the alcove of the office.

The work will be completed within the next day or two.

Individuality in a prettily curtained and cushioned window seat is possible by using

COLONIAL Drapery Fabrics

Plain shade materials may be used for the seat and cushion coverings and for the curtains. Cut-out figures may be applied as borders or individual design units.

REBELS COIN MONEY.

Coins Not Pretentious and Look as if Made by Amateurs.

Juarez, Mexico.—It is not generally known that the Constitutional forces in Mexico have coined money in silver and copper. These coins were struck in Chihuahua and are very crudely done—in fact, are about the most amateurish pieces of money that have been produced in many years. The peso or dollar has on one side simply "H del Parral, 1913," in a wreath, and on the other side, "1 peso."

The half dollar is more pretentious. On one side is the inscription, "Fuerzas Constitucionales, 1913" (Constitutional forces), and in the center a liberty cap surrounded by rays, a copy of the older style of Mexican coins. The reverse has "50 centavos" in a wreath, a poor copy of the present coinage of Huerta. The copper piece, which is said to have been made from trolley wire melted down, is similar to the 50 centavos, but has a "2 C" in a wreath for 2 centavos.

EDISON BRAVES DOCTOR'S IRE

"Wizard" Burns Midnight Oil to Perfect Talking Movie.

West Orange, N. J.—Much against the advice of his physician and his family, Thomas A. Edison is again burning the midnight oil. It became known here that in a week Mr. Edison has spent less than six hours in his home, Glenmont, in Llewellyn Park.

Practically all day long and the better part of the night the "wizard" is on the third floor of his laboratory working on the talking movie.

"Any person who knows Mr. Edison is acquainted with the fact that he will never give up interest or work or experiment with a thing until it has become as nearly perfect as possible," said William H. Meadowcroft, his private secretary.

In Social Circles

Of much interest in Washington circles were the following invitations sent out from Columbus:

Reverend Nelson Creamer requests the pleasure of your company at the marriage of his daughter, Mary Ethelyn to Mr. Edward Kromer, on the afternoon of Wednesday, the third of June at half after three o'clock, 38 West Hinman avenue, Columbus, Ohio.

The bride is a niece of Mrs. S. E. Parrett, of this city, and her attractive personality easily won many friends during visits at her aunt's home.

Miss Essie Vincent will be the guest of honor this evening, when Miss Grace Paul is entertaining the young women of the Tuesday Afternoon Kensington club.

Although no formal announcement of Miss Vincent's engagement to Mr. James Kelley has been made, Dame Rumor is prophesying the nuptials for early June, and in anticipation of the approaching event the affair of

this evening is a miscellaneous show-er.

The hospitable Paul home, fragrant with pink and white carnations, will accommodate itself admirably to the shower, and an array of inviting packages, daintily wrapped and testifying to the popularity of the bride-elect, await her untying.

Miss Vincent is wearing a handsome gown of dove gray crepe de chine, figured with salmon rose buds, and having messaline girdle of salmon pink, very becoming to her striking brunette type.

After the merry hour over the gifts, the charming young hostess is serving an elaborate collation, and informal music will complete the pleasure of the evening cordially welcomed among the guests are the sister of the bride-to-be, Mrs. Will Trovillo, of Roxabel, and two former Washington girls, Mrs. Robert Schenck (nee Lou Patton), of Dayton, and Miss Illah Moats, of Greenville.

Mrs. John Paul, Miss Grace Paul and Miss Molly Evick assist in the hospitalities.

Rev. A. W. West accompanied his two young daughters and his father-in-law, Mr. Wells, to Tippecanoe City Monday, leaving his daughters with their grandparents for the next two months, while he takes a much-needed vacation. Rev. West expects to spend the greater part of his vacation at his former home in Nova Scotia, visiting New York and other eastern cities enroute.

Capt. O. E. Hardway is a business visitor in Columbus today.

Phil. Davis, of the Willis Lumber Company, is spending part of the week in Toledo and Detroit on business.

Mrs. W. W. Davies returned Monday evening from Delaware, where she has been the guest of Rev. and Mrs. Corey. Prof. Davies joined her at the home of his daughter from Delaware.

Mrs. Luella Chapman, daughter, Mrs. Harry Flee, sons, J. H. Chapman and Emerson Chapman, attended the funeral of a cousin, Mrs. McLaughlin, in Jamestown, Monday.

PERSONAL PARAGRAPHS

Arthur Dunn, of Chicago, is visiting his parents, Mr. and Mrs. James Dunn.

Mrs. E. C. Hamilton is visiting her son, Mr. Carl Hamilton, in Indianapolis, Ind., where she expects to spend some weeks.

Mrs. Stanley Schneider went to Cincinnati Monday afternoon to visit Mr. Schneider's parents.

Mrs. W. B. Gage and brother, Mr. Allen Pearson, left Monday afternoon for Lake Okoboji, Ia., where they will spend the summer at Mr. Pearson's cottage. Rev. Gage will probably join them later for his summer vacation.

Mrs. Bella Ustick returned Monday afternoon from a ten days' visit in Cincinnati.

Mrs. G. R. Pensyl is visiting in Columbus.

UNCLE HIRAM.

ORVILLE SEXTON DEAD

Orville Sexton, son of A. J. Sexton of South Solon, died of typhoid fever at his home in South Solon Sunday, and was buried in Greenfield Monday. The deceased was 22 years of age.

W. A. Bruce and wife and John Jones of Bloomingburg were among those who attended the funeral services.

Sparrow Sets Fire to a Barn.

St. Paul, Minn.—A sparrow that discovered a way to warm its toes during a recent cold snap is blamed for the destruction of a barn belonging to L. O. Walden of Wilmington, Houston county. A report on the fire received by State Fire Marshal C. E. Keller says that the sparrow plucked a live ember from a bonfire and carried it to its nest in the eaves of the Walden barn. The ember set fire to the nest, and the fire destroyed the barn with a loss of \$1,350.

SPOKEN ADVISEDLY.

Kangaroo—How far can you go in a second.
Snail—Oh, as far as my eye can reach.

Buy at home. Boost Washington.

Mrs. H. E. Dyer and daughters, of Springfield are visiting at the home of Mrs. Dyer's mother, Mrs. Z. T. Johnson.

Owing to the fact that Mr. Byron Gifford was unable to join his wife Sunday at the home of her parents, Mr. and Mrs. J. L. Rothrock, Mrs. Gifford remained until Tuesday afternoon, when she left for her home in Grand Rapids, Mich., accompanied by her sister, Mrs. Albert Glascock, and daughter, Georgiana.

Mrs. Maude Howland, of Bloomingburg, is a shopping visitor here today, leaving Tuesday for Washington, D. C., to be the guest of Miss Edith Campbell, at the home of her brother, Rev. W. I. Campbell, former pastor of the Presbyterian church of this city. Enroute home Mrs. Howland will visit relatives in Pittsburg, Pa.

Mrs. W. J. Galvin left Monday for a short visit with her sister, Mrs. John Zollinger in Piqua. Mr. Galvin was the guest of his brother in Lima Monday night, joining his wife in Piqua Tuesday.

Mrs. P. E. Goodwin left Tuesday morning for Columbus to be the guest of Mrs. S. D. Morgan.

Mrs. Minor Williams, daughter, Miss Opal, wear shopping visitors from Sabina Monday.

Mr. P. A. Altland left Monday on a business trip to Detroit, Mich., accompanying his wife and niece as far as Columbus on their way to York, Pa.

Mrs. Allen Eyman, south of town, and Mrs. John Lough, of Greenfield, go to Oxford Wednesday to attend the annual tree day. Miss Mabel Kerr, who is one of the Oxford students participating, is a niece of Mrs. Eyman.

Miss Beulah McCortney, of Sabina, is a shopping visitor here today.

Miss Louise Ballard, who is home from New York for a two weeks' visit, went to Granville Tuesday afternoon to visit Former college friends for a few days.

Mr. Ed L. Bush was in Columbus on legal business Monday.

Hon. H. L. Hadley spent Monday in Columbus.

Dr. G. S. Hodson was called to Columbus professionally Monday. He returned Tuesday afternoon.

Mr. Herbert Campbell was a business visitor in Columbus Monday.

After Our New Loaf of Bread is Named

I will submit the entire list of names suggested to Mr. A. F. Adams of Indianapolis, the inventor of Butter-Krust Bread, and who offers \$10,000 for a name as good as "Butter-Krust."

The names are coming in fast—send us lots of them. Who knows? You might get the \$10,000. Save a label and send name

Sauer's Bakery

SENSATIONAL SUIT IS FILED TODAY

Bertha S. Steele, through Attorneys Gregg, Patton and Gregg, filed suit in the Common Pleas court Tuesday, in which she alleges sensational grounds for divorce from Robert S. Steele.

The plaintiff states that she was married to the defendant on June 28, 1903 and that 4 children have been born to them, the youngest being three years of age.

Plaintiff further alleges that the

defendant has been cruel to her and guilty of gross neglect of duty.

Automobile rides and buggy rides at night are included in the charges made against the defendant and the woman named in the case.

Plaintiff asks that defendant be restrained from selling certain real estate and personal property near Eber, and that reasonable alimony be awarded her.

W. R. C.

Regular meeting of the W. R. C. will be held Thursday, May 14th, in Memorial Hall at 2 p. m. By order of President.

TAKES A HAND IN NEW HAVEN MUSS

Department of Justice to Move Against Old Officers.

TO PROBE FINANCIAL AFFAIRS

Interstate Commerce Commission Requested to Refrain From Putting Mellen and the Old Directors On the Stand at This Time—Money Paid by the New Haven In the Promotion of Publicity.

Washington, May 12.—The department of justice has taken a hand in the interstate commerce commission's inquiry into the financial affairs of the New Haven railroad under the old management, and has suggested that the commission refrain from putting Charles S. Mellen and the old directors on the witness stand at this time. The appearance of Mr. Mellen on the stand under oath would, it has been contended, give him immunity from any action by the department of justice.

Besides Mr. Mellen, Solicitor Joseph W. Folk of the interstate commerce commission has summoned William Rockefeller, Lewis Cassiary, George F. Baker and others as witnesses. It is understood that the department of justice objects chiefly to having Mr. Mellen examined at this time.

Attorney General McReynolds' assistant, George C. Todd, intimated that if Mr. Mellen and the members of the board of directors testified it would seriously interfere with plans of the department of justice with reference to the New Haven.

Timothy E. Byrnes, formerly a vice president of the New Haven road in charge of legislative matters and publicity, testified before the interstate commerce commission that there was absolutely no secrecy about payments made by the New Haven in the promotion of publicity, and that the

services of prominent lawyers were obtained at a high cost to help wage a campaign against financial interests that were fighting the road. Mr. Byrnes testified that J. Otis Wardwell of Boston received \$12,000 annually for several years and \$20,000 the last year of his employment by the road to keep the management advised as to the trend of the financial fight on the New Haven and to give advice as to how effectually to resist it.

JERKING DAYTON ACROSS CARPET

Washington, May 12.—Representative Neely of West Virginia, in the house formally impeached United States Judge Alston G. Dayton of the northern district of West Virginia, of alleged high crimes and misdemeanors. He lodged a number of charges with the house judiciary committee and introduced the resolution of impeachment, which will require action by the committee.

A petition signed by more than 9,000 persons requesting the impeachment was filed with the house judiciary committee. Some of the charges were:

"That Judge Dayton had issued injunctions against labor unions, which placed them beyond the pale of the law, and which made their deliberate action conspiracy and their members miscreants and felons; that he has had men and women arrested upon the sole charge of asking other men to join a labor union, and that he, by the use of injunction, has prevented and inhibited the exercise of the constitutional rights of the people to assemble peaceably to petition for redress for wrongs."

REBELS FAIL AT TAMPICO

Mexico City, May 12.—The rebels attacked Tampico and were defeated with serious losses. General Ignacio Morelos Zaragoza, federal commander at Tampico, announced a federal victory in an official message which he sent to the war department.

WIRELESS STOPS FLIGHT OVER SEA

New York, May 12.—Henry S. C. indicted department store proprietor, who sailed away secretly on the ship Olympic, must return to this country by the first steamer he can catch on reaching England. Arthur C. Train, assistant district attorney, wants Siegel's bail forfeited, but Justice Seabury decided after a conference to hold that matter in abeyance for a few days. The attitude of the district attorney was due to an affidavit of a former employee of Siegel, saying that Siegel had requested him to ascertain what countries have extradition treaties with the United States. That affidavit was submitted to Justice Seabury. Following the conference a wireless message was dispatched to Siegel telling him to return by the earliest boat.

CHAUTAUQUA ITEMS

A season ticket for the Chautauqua is an investment in inspiration. You'll do better work for the balance of the year if you take a week off and enjoy the biggest intellectual and inspirational treat ever brought to this community.

Make Chautauqua Week a homecoming week for all the former residents of this locality. Write your friends to visit you here that week.

No entertainment event has ever offered more or promise to the community than the coming Chautauqua. The volume of entertainment, its character and its variety, makes it of interest to every citizen.

Every good influence in the town will receive a substantial boost from the Chautauqua.

"Lives there a man with soul so dead, Who never to himself has said—Of progress lest I block the way, I'll boost the coming Chautauqua."

"Save the home town" is the slogan of many a good town throughout America today. The Chautauqua is a mighty help in that direction. Give the young people the opportunity to see and hear the great men of the day; to hear the great music; to sit at the feet of the great teachers. It is the best investment a town can make in future citizenship.

COLUMBUS A BRANCH

Reserve Bank Committee Completes Work of Organization.

Washington, May 12.—The reserve bank committee announced five banks in each reserve district which have been designated to execute the papers of incorporation for the reserve banks of their districts. The filing of the certificates of incorporation will complete the preliminary work of organization and the election of directors for the reserve banks will be proceeded with immediately. Arrangements have been made with each of the designated banks to have its representatives meet in the clearing houses of their respective bank cities as soon as possible. The organization commissioners expect that all the certificates of incorporation will be in the hands of the comptroller of the currency shortly after May 15.

The banks designated in the Cleveland district are: Phoenix Third National bank of Lexington, Ky.; First National bank of Cincinnati; First National bank of Cleveland; New First National bank of Columbus, and the National Bank of Pittsburgh.

OHIO UNIVERSITY SUMMER SCHOOL

The summer session of Ohio University enrolled nearly 1,200 students in 1913. The remarkable growth of this school is simply a part of the equally remarkable growth of the University in all its departments. When President Ellis entered upon his phenomenally successful administration twelve years ago, the outlook was not promising and even the most hopefully ardent friend of the institution could have had no vision of what the next few years were to bring about. The large, well equipped buildings now in use and in progress of erection, the beautifully kept campus, the united and earnest faculty, and the large and earnest student body all invited to tell the same story—the story of success by intelligent, persistent, painstaking, and well directed effort on the part of President Ellis and those associated with him in the administration of the affairs of this historic university.

In too many instances, the president of the modern college or university has little or nothing to do with the direction of its affairs, except in the most general way, each member of the faculty being a law unto himself and doing practically as he pleases. Ohio University, under the presidency of Doctor Ellis, furnishes a concrete example of a thoroughly supervised institution of higher education, by a president who is "on the job" all the time and who has thorough knowledge of what is going on.—Ohio Educational Monthly.

DROWNS SELF

Vermillion, O., May 12.—Mrs. A. C. Tretzer, wife of the pastor of First German Reform church here, committed suicide by drowning herself in a bath tub. She had been suffering from nervous trouble for some time.

Don't be misled. Ask for Red Cross Ball Blue. Makes beautiful white clothes. At all good grocers.

ROSE TO REPEAT HIS CONFESSION

New York, May 12.—The trial of Charles Becker proceeded smoothly and rapidly after the jury was charged and District Attorney Whitman had outlined the state's case. Jack Rose and William Shapero will be among the first witnesses called by the state. It was Shapero who drove the gray car for the murderers and the brokers in murder. He will be asked whether or not he heard Becker's name used to spur or reassure the gunmen. Most of his story will be new because he was not permitted to testify in the former trial. It is Rose, that clear-witted, gentle-spoken bargainer in assassination, who will endeavor to connect Becker with the killing of Rosenthal and who will repeat his confession that the lieutenant of police hounded him and Webber until they got the word from Jack Zelig that sent the gunmen at Rosenthal.

SWATH CUT BY CYCLONE

Milwaukee, May 12.—The tornado which worked havoc in central Iowa swept over southern Wisconsin, cutting a path from one to four miles wide, while the accompanying electrical storm fired scores of farm buildings and hail ruined crops, causing a money loss of over \$1,000,000, ending four lives and injuring scores. Southern Dane and northern Rock counties were the center of the cyclonic disturbance, but every county in the southern belt of the entire state reports damage from lightning or wind. On Lake Michigan a tidal wave swept up the rivers, causing losses to marine interests.

OLENTANGY GREAT AMUSEMENT RESORT

Olentangy Park, the big amusement resort located at Columbus, Ohio, opened its sixteenth successful season under the management of Messrs J. W. and W. J. Dusenbury, on Sunday, May 3rd, with an attendance of over thirty thousand.

The park has been greatly improved and will be better than ever this year. New amusement features have been installed and the entire grounds and all the former popular attractions have been put in first class condition. The Park now includes more than one hundred acres of beautiful and picturesque grounds, through which flows the winding, willowy Olentangy River. All kinds of amusements are found in this great Park, among which are the largest and finest summer theater in the world, the great steel Dancing Pavilion, numerous sensational and thrilling rides, including the only Loop-the-Loop now in existence, the Shoot-the-Shoots, Whirlwind, Scenic Coaster, Figure 8 Toboggan, Aerial Swing, Electric Autos, Carroussel, Electric Express, Merry-go-round, and many others.

In addition to the foregoing there are launches, row-boats and canoes on the beautiful river, the Colonnade with its numerous and novel attractions, box ball alleys, billiard and

THE OLD RELIABLE STILL IN THE LEAD

If you don't believe it, come in and we will show you. We will give you good goods, low prices, and nice attention.

For Saturday we will have nice fresh fruits and vegetables of all kinds. Large size prime apples, 15c each, bananas 10c per doz., oranges, strawberries, new tomatoes, cucumbers, lettuce, green onions, rhubarb, Texas Bermuda onions, fresh squares of cake, 10c and 20c, fresh potato chips. We sell scrap and fine cut tobacco, 6 for 25c. We are your friends, come in and see us.

J. W. DUFFEE & CO., The Old Reliable Cash Grocers. Both phones No. 77.

Put a hard-wood finish on your worn, scuffed floors.

Do it with SPARTANA, the wonderful Marietta varnish stain.

Spartana has a hundred home-beautifying uses about the house. You can re-finish floors, woodwork, furniture, picture frames, mouldings—making them bright new.

Spartana does not produce the cloudy or muddy effect peculiar to some varnish stains. The surface it produces is clear, bright, elastic, lasting.

A quarter buys a half pint tin.

SPARTAN ART WOOD STAINS—The stains de luxe for new interior woodwork. We make the stains for the leading furniture and piano houses of the country, which means that our stains are best adapted to matching furniture.

MARIETTA FLOOR WAX—The practical floor wax where a tango finish is desired.

C. R. PARISH COMPANY

pool rooms, fish pond, arcade, automatic vaudeville, hoop-la, rifle range, booths of all kinds, refreshment stands,—in fact practically everything in the amusement line that can be thought of will be found in Olentangy Park.

Cincinnati's Italian Band and the Barracks Drum and Trumpet Corps furnish outdoor music and Seiby's Famous Orchestra provides excellent music in the Dancing Pavilion, while Purger's Orchestra plays in the Theater.

During the entire week beginning May 11th the Democratic Glee Club assisted by other organizations, will give musical and vaudeville entertainments every evening in the theater for the benefit of Camp Johnson, the Park managers having donated the use of the theater for that purpose. The program will be changed each evening.

On Sunday, May 17th, Creature and his band of sixty Italian musicians, including a number of soloists and grand opera singers, recognized as the greatest musical organization in the country, will begin a fifteen days' engagement in the park theater giving two concerts daily at 2:30 and 8:15 p. m.

During the week of June 1st the attraction in the theater will be a big opera given for the benefit of the Franklin County Pythian Association, and the week of June 8th the Theron D. Perkins' Musical organization and "Peace Spectacle" will occupy the theater, after which Vaughan Glaser and his Company will present high class plays in the theater for the remainder of the season.

Excursions and outings are now being booked for Olentangy Park, and parties desiring to arrange for an excursion or outing should communicate with the Managers of Olentangy Park. Special inducements are offered to excursionists and picnic parties.

SALESMAN SUICIDE

Columbus, O., May 12.—Ray Williams, 25, traveling salesman, died from the effects of an overdose of cyanide of potassium. Williams took the poison in a store with suicidal intent. A wife survives.

L. O. T. M.

The regular review of Fayette Hive No. 317, Ladies of the Maccabees will be held in the Red Men's hall Tuesday, May 12th, 7:30 p. m.

ANNA K. DEWEES, L. C. LILLIAN BAUGHN, R. K.

CHILD IS KILLED CREW THREATENED

Cleveland, O., May 12.—Elton Draga, 4, was run over and instantly killed by a streetcar in front of his home. The mother of the child saw the accident and fainted. A large crowd collected and threatened the lives of the car crew. A patrol load of police was necessary to rescue the crew from the mob.

ANTI-TRUST BILLS ARE UNDER FIRE

Railroad Representatives Object to Many Features.

APPEAR BEFORE COMMITTEE

Vigorously Rap the Provision Aimed at Interlocking Directorates and Stock Ownership by One Common Carrier of Another—Regulation by a National Commission Suggested by One Agent.

Washington, May 12.—Administration anti-trust bills framed by committees of both houses of congress were sharply criticised before the senate interstate commerce committee by representatives of some of the leading railroads of the country. There were few features of the bills which were not objected to, but the railroad men protested most vigorously against the provision aimed at interlocking directorates and stock ownership by one common carrier of another and against the proposed delegation of supervisory power to the interstate commerce commission of future issues of securities.

The witnesses, who told the committee they represented about 150,000 miles of railroad, were Judge Robert Scott Lovett, chairman of the Union Pacific board; Samuel Rea, president of the Pennsylvania; Frank Trumbull, chairman of the boards of the Chesapeake & Ohio and Missouri, Kansas & Texas railroads, and A. P. Thom, general counsel in Washington of the Southern.

"It seems to me," said Mr. Trumbull, "the concluding witness, 'that you are burning the barn to get a few rats.'"

"If you tell us how to get the rats," replied Senator Cummins, "we'll be glad to do it."

Mr. Trumbull declared the railroads were anxious to conform to the law, but they were desirous of seeing the regulatory powers over them confided to a national commission like the interstate commerce commission or left entirely to state commissions. He favored a national commission.

"The railroads," said Mr. Trumbull, "have been working along national lines, but the legislation has been along provincial lines." He added that the railroads had lost more than \$100,000,000 in the last nine months.

"But," said Senator Cummins, "many other corporations have lost proportionately more than this."

"Yes," replied the witness, "that may be right, but that doesn't give us any credit."

Both Judge Lovett and Mr. Thom agreed that there was a general demand throughout the country for legislation in some such form as was proposed. They agreed also, however, that the methods suggested in the senate bill for reaching interlocking directorates and stock ownership of competitive roads were not proper. Judge Lovett declared that the senate bill aimed to make the corporation responsible for preventing interlocking and suggested that congress should instead make the individual director responsible.

MOTHER IS HELD FOR THE MURDER OF HER DAUGHTER

New Philadelphia, O., May 12.—Mrs. John Grimm, 45, was arrested at her home, four miles west of here, charged with killing her daughter Jessie, 18. The girl's throat was cut from ear to ear with a razor as she was asleep. She was an invalid. According to a story told Sheriff John Polen by Mrs. Lee Kuhn, a daughter, Mrs. Grimm confessed she slew the daughter. Mrs. Kuhn, sister of the murdered girl, told Sheriff Polen that the mother crushed the invalid daughter's skull with an ax before cutting her throat with a razor. Sheriff Polen is of the opinion that the mother is insane.

DEADLY HOUSE FLY

Dr. W. A. Matheny, Professor of Civic Biology, Ohio University, in writing about the house fly, says:

"The house fly, or typhoid fly, is an unmitigated evil. It is the most deadly animal on earth and is not exceeded by the deadly cobra, the most dreaded snake of India. It breeds and feeds in filth and carries the germs of disease wherever it walks. These it leaves on human food or on domestic table utensils from where the germs are taken into the human body. Flies carry germs from the sputum of persons suffering from disease. In the Spanish-American war flies killed twenty-two men to every one killed by the Spaniards. In the camps where the soldiers were kept in this country, typhoid fever raged and carried off soldiers at a frightful rate. It was finally noticed that flies' feet were white. They were then traced to the open vaults and pits where they fed. Flying to the mess tables, they got on the food of sick and well soldiers. In recent years the cause of a number of diseases has been traced to insect carriers, chief of which is the common fly. The female fly lays 128 eggs at one time, leaving them in the filth to hatch out in six or eight hours. These remain as grubs from six to eight days and then go into the pupa stage in which they remain six to eight days longer, and then hatch out as flies. One fly thus produced will lay 900 eggs in one summer.

PLEADS OLD LAW

Chardon, O., May 12.—Ernest O. Zimmer was placed on trial here for the murder of William Eggleston. Chardon farmer, whom he shot and killed Jan. 17. Zimmer will plead self-defense and the unwritten law. He claimed to Cleveland police after his arrest here that Eggleston had been too friendly with Mrs. Zimmer when the families were neighbors. He said he fired to save his life after Eggleston had shot at him.

STRUCK THIS STATE

Toledo, O., May 12.—A severe electrical storm passed over northern Ohio, many buildings being hit and several lives lost. At Van Wert, Mrs. Abram Drake, 70, was struck by a bolt and killed. Mrs. Erle Elward died of excitement while hurrying to her home in Findlay. Streetcars were put out of commission in Akron. A district school north of Lima was hit by lightning and burned.

JEFFERY MOTOR CAR DEMONSTRATION

This week will be Jeffery week in Washington. The salesroom of Moore and Jamison is being prepared for a demonstration of Jeffery cars such as has never before been attempted in the motor car business in Washington.

The Jeffery Four and Six are reputed to be the first light weight, high grade cars of real comfort to be built in America, possessing a high speed, high efficiency, bloc type motor to sell at less than \$2500.

The success of the Jeffery line is now well known, the factory shipments having increased more than one hundred per cent over the shipments of last year and seven thousand orders from dealers were received during the first ninety days after the announcement of this line.

Now it is quite evident that there will be a shortage of Jeffery cars before the first of June.

INVESTIGATE.

Before buying an auto investigate the Detroit, at C. H. Murray's Garage and Salesroom, on Court street, next to Haynes' Furniture store.

THREE NEW BUILDINGS TO HELP UNIVERSITY

Three more new buildings are now in course of construction at the Ohio State University and will be ready for occupancy when school begins next fall. This includes an addition to the Physics building, made necessary by the loss of the English building, recently destroyed by fire.

Of the other two buildings, one will be used for classes and laboratory work in botany and zoology, and the other for horticultural and forestry work. A new freight depot which will also house the new university laundry will be started as soon as bids are opened on May 19. J. M. Bradford, university architect, expects it to be completed by next November.

The rapid growth of The Ohio State

It's Jeffery Week In Washington Court House, Ohio

Glenn Curtiss, the aviator of Hammondsport, N.Y., perhaps the greatest light engine expert in the world, says:

"I have been running the new Jeffery Six and I am glad to report that the car is as good as it looks and a mechanical masterpiece. The machine is up to date in every respect and incorporates the latest European practice throughout. It has plenty of power and speed, is easy riding and very easy to handle. The engine is quiet and pulls exceptionally well on direct drive at slow speeds. I wish to thank you for your prompt delivery and courteous treatment."

Come in and see the Jeffery MOORE and JAMISON Washington C. H., Ohio.

University has made the demand for new buildings pressing. The enrollment is over 4,000 this year and the present buildings are inadequate to house this great number of students. Until last fall the university library was crowded into one room of the geological building, but now a \$250,000 building provides ample accommodations for it.

4,422 FOREIGNERS IN AMERICAN COLLEGES

Nearly Every Country In the World is Represented.

Washington.—Popularity of American colleges and universities with foreigners is shown by the fact that 4,422 foreign students attended these institutions in 1913, an increase of 577 in two years.

They are distributed over 275 different colleges, universities and schools of technology.

Canada, with 653 students, leads all other countries. China is second, with 594, and Japan third, with 336. Other oriental or Asiatic peoples are represented as follows: India, 162; Turkey, 143; Korea, 13; Persia, 21; Siam, 13.

Of Latin-American countries Mexico, with 223, heads the list. Cuba sends 209; Costa Rica, 29; Guatemala, 15; Honduras, 12; Nicaragua, 18; Panama 28; Salvador, 19.

From South America, Argentina sends 43; Brazil, 113; Bolivia, 3; Chile 12; Colombia, 37; Ecuador, 16; Paraguay, 2; Peru, 25; Uruguay, 2; Venezuela, 7.

Great Britain and Ireland are represented by 212; Germany, 122; Russia, 124; France, 45; Sweden, 41; Italy, 38; Austria-Hungary, 34; Switzerland, 29; Norway, 26; Greece, 22; Spain, 20; Netherlands, 19; Bulgaria, 15; Roumania, 6; Belgium, 4; Portugal, 3; Montenegro, 1.

New Zealand is represented by 56 students; Egypt, 15; Liberia, 2; South Africa, 44.

GROCERS ALSO POLICEMEN.

Three Hundred Kansas City Tradesmen Now Prepared For Swindlers. Kansas City.—Hereafter if the Kansas City, Kan., housewife needs a policeman in a hurry and cannot find one she may call on the corner grocer to protect the family plate. This was made possible when special police commissions were given to 300 grocers.

The grocers want the commissions mainly to arrest check forgers, money order raisers, short change men and others who victimize them, but they will also serve as neighborhood protectors.

Cost little; pay much—Want ads.

FOR A WELL ORDERED HOUSEHOLD

The scars of use are to be expected, for that is what furniture is for; it is bought with the idea of using it and the more comfortable a chair, the more luxurious a couch or settee, the more knocks they get. A house does not look well ordered if these scratches and knocks are not attended to from time to time. That is where we help you.

USE NYAL'S FURNITURE POLISH!

It makes your furniture look well, wear better, gives lustre and finish; besides, it makes the house more cheerful and comfortable.

TAKES A HAND IN NEW HAVEN MUSS

Department of Justice to Move
Against Old Officers.

TO PROBE FINANCIAL AFFAIRS

Interstate Commerce Commission Requested to Refrain From Putting Mellen and the Old Directors On the Stand at This Time—Money Paid by the New Haven in the Promotion of Publicity.

Washington, May 12.—The department of justice has taken a hand in the interstate commerce commission's inquiry into the financial affairs of the New Haven railroad under the old management, and has suggested that the commission refrain from putting Charles S. Mellen and the old directors on the witness stand at this time. The appearance of Mr. Mellen on the stand under oath would, it has been contended, give him immunity from any action by the department of justice.

Besides Mr. Mellen, Solicitor Joseph W. Folk of the interstate commerce commission has summoned William Rockefeller, Lewis Cassel, George F. Baker and others as witnesses. It is understood that the department of justice objects chiefly to having Mr. Mellen examined at this time.

Attorney General McReynolds' assistant, George C. Todd, intimated that if Mr. Mellen and the members of the board of directors testified it would seriously interfere with plans of the department of justice with reference to the New Haven.

Timothy E. Byrnes, formerly a vice president of the New Haven road in charge of legislative matters and publicity, testified before the interstate commerce commission that there was absolutely no secrecy about payments made by the New Haven in the promotion of publicity, and that the

services of prominent lawyers were obtained at a high cost to help wage a campaign against financial interests that were fighting the road. Mr. Byrnes testified that J. Otis Wardwell of Boston received \$12,000 annually for several years and \$20,000 the last year of his employment by the road to keep the management advised as to the trend of the financial fight on the New Haven and to give advice as to how effectively to resist it.

JERKING DAYTON ACROSS CARPET

Washington, May 12.—Representative Neely of West Virginia, in the house formally impeached United States Judge Alston G. Dayton of the northern district of West Virginia, of alleged high crimes and misdemeanors. He lodged a number of charges with the house judiciary committee and introduced the resolution of impeachment, which will require action by the committee.

A petition signed by more than 2,000 persons requesting the impeachment was filed with the house judiciary committee. Some of the charges were:

"That Judge Dayton had issued injunctions against labor unions, which placed them beyond the pale of the law, and which made their deliberate action conspiracy and their members miscreants and felons; that he has had men and women arrested upon the sole charge of asking other men to join a labor union, and that he, by the use of injunction, has prevented and inhibited the exercise of the constitutional rights of the people to assemble peaceably to petition for redress for wrongs."

REBELS FAIL AT TAMPICO

Mexico City, May 12.—The rebels attacked Tampico and were defeated with serious losses. General Ignacio Morelos Zaragoza, federal commander at Tampico, announced a federal victory in an official message which he sent to the war department.

WIRELESS STOPS FLIGHT OVER SEA

New York, May 12.—Henry Siegel, indicted department store proprietor, who sailed away secretly on the ship Olympic, must return to this country by the first steamer he can catch on reaching England. Arthur C. Train, assistant district attorney, wants Siegel's bail forfeited, but Justice Seabury deferred after a conference to hold that matter in abeyance for a few days. The attitude of the district attorney was due to an affidavit of a former employee of Siegel, saying that Siegel had requested him to ascertain what countries have extradition treaties with the United States. That affidavit was submitted to Justice Seabury. Following the conference a wireless message was dispatched to Siegel telling him to return by the earliest boat.

CHAUTAUQUA ITEMS

A season ticket for the Chautauqua is an investment in inspiration. You'll do better work for the balance of the year if you take a week off and enjoy the biggest intellectual and inspirational treat ever brought to this community.

Make Chautauqua Week a homecoming week for all the former residents of this locality. Write your friends to visit you here that week.

No entertainment event has ever offered more or promise to the community than the coming Chautauqua. The volume of entertainment, its character and its variety, makes it of interest to every citizen.

Every good influence in the town will receive a substantial boost from the Chautauqua.

"Lives there a man with soul so dead, Who never to himself has said— Or progress lest I block the way, I'll boost the coming Chautauqua."

"Save the home town" is the slogan of many a good town throughout America today. The Chautauqua is a mighty help in that direction. Give the young people the opportunity to see and hear the great men of the day; to hear the great music; to sit at the feet of the great teachers. It is the best investment a town can make in future citizenship.

COLUMBUS A BRANCH

Reserve Bank Committee Completes Work of Organization.

Washington, May 12.—The reserve bank committee announced five banks in each reserve district which have been designated to execute the papers of incorporation for the reserve banks of their districts. The filing of the certificates of incorporation will complete the preliminary work of organization and the election of directors for the reserve banks will be proceeded with immediately. Arrangements have been made with each of the designated banks to have its representatives meet in the clearing houses of their respective bank cities as soon as possible. The organization commissioners expect that all the certificates of incorporation will be in the hands of the comptroller of the currency shortly after May 15.

The banks designated in the Cleveland district are: Phoenix Third National bank of Lexington, Ky.; First National bank of Cincinnati; First National bank of Cleveland; New First National bank of Columbus, and the National Bank of Pittsburgh.

OHIO UNIVERSITY SUMMER SCHOOL

The summer session of Ohio University enrolled nearly 1,200 students in 1913. The remarkable growth of this school is simply a part of the equally remarkable growth of the University in all its departments. When President Ellis entered upon his phenomenally successful administration twelve years ago, the outlook was not promising and even the most hopefully ardent friend of the institution could have had no vision of what the next few years were to bring about. The large, well equipped buildings now in use and in progress of erection, the beautifully kept campus, the united and earnest faculty, and the large and earnest student body all invited to tell the same story—the story of success by intelligent, persistent, painstaking, and well directed effort on the part of President Ellis and those associated with him in the administration of the affairs of this historic university.

In too many instances, the president of the modern college or university has little or nothing to do with the direction of its affairs, except in the most general way, each member of the faculty being a law unto himself and doing practically as he pleases. Ohio University, under the presidency of Doctor Ellis, furnishes a concrete example of a thoroughly supervised institution of higher education, by a president who is "on the job" all the time and who has thorough knowledge of what is going on.—Ohio Educational Monthly.

DROWNS SELF

Don't be misled. Ask for Red Cross Ball Blue. Makes beautiful white clothes. At all good grocers.

ROSE TO REPEAT HIS CONFESSION

New York, May 12.—The trial of Charles Becker proceeded smoothly and rapidly after the jury was charged and District Attorney Whitman had outlined the state's case. Jack Rose and William Shapero will be among the first witnesses called by the state. It was Shapero who drove the gray car for the murderers and the brokers in murder. He will be asked whether or not he heard Becker's name used to spur or reassure the gunmen. Most of his story will be new because he was not permitted to testify in the former trial. It is Rose, that clear-witted, gentle-spoken bargainer in assassination, who will endeavor to connect Becker with the killing of Rosenthal and who will repeat his confession that the lieutenant of police hounded him and Webber until they got the word from Jack Zelig that sent the gunmen at Rosenthal.

SWATH CUT BY CYCLONE

Milwaukee, May 12.—The tornado which worked havoc in central Iowa swept over southern Wisconsin, cutting a path from one to four miles wide, while the accompanying electrical storm fired scores of farm buildings and hail ruined crops, causing a money loss of over \$1,000,000, ending four lives and injuring scores. Southern Dane and northern Rock counties were the center of the cyclonic disturbance, but every county in the southern belt of the entire state reports damage from lightning or wind. On Lake Michigan shore a tidal wave swept up the rivers, causing losses to marine interests.

OLENTANGY GREAT AMUSEMENT RESORT

Olentangy Park, the big amusement resort located at Columbus, Ohio, opened its sixteenth successful season under the management of Messrs J. W. and W. J. Dusenbury, on Sunday, May 3rd, with an attendance of over thirty thousand.

The park has been greatly improved and will be better than ever this year. New amusement features have been installed and the entire grounds and all the former popular attractions have been put in first class condition. The Park now includes more than one hundred acres of beautiful and picturesque grounds, through which flows the winding, willowy Olentangy River. All kinds of amusements are found in this great Park, among which are the largest and finest summer theater in the world, the great steel Dancing Pavilion, numerous sensational and thrilling rides, including the only Loop-the-Loop now in existence, the Shoot-the-Shoots, Whirlwind, Scenic Coaster, Figure 8 Toboggan, Aerial Swing, Electric Autos, Carousel, Electric Express, Merry-go-round, and many others.

In addition to the foregoing there are launches, row-boats and canoes on the beautiful river, the Colonnade with its numerous and novel attractions, box ball alleys, billiard and

THE OLD RELIABLE STILL IN THE LEAD

Put a hard-wood finish on your worn, scuffed floors.

Do it with SPARTANA, the wonderful Marietta varnish Stain.

Spartana has a hundred home-beautifying uses about the house. You can re-finish floors, woodwork, furniture, picture frames, mouldings—making them bright new.

Spartana does not produce the cloudy or muddy effect peculiar to some varnish stains. The surface it produces is clear, bright, elastic, lasting. A quarter buys a half pint tin.

SPARTANA ART WOOD STAINS—The stains de luxe for new interior woodwork. We make the stains for the leading furniture and piano houses of the country, which means that our stains are best adapted to matching furniture.

MARIETTA FLOOR WAX—The practical floor wax where a tango finish is desired.

C. R. PARISH COMPANY

pool rooms, fish pond, arcade, automatic vaudeville, hoop-la, rifle range, booths of all kinds, refreshment stands,—in fact practically everything in the amusement line that can be thought of will be found in Olentangy Park.

Cinecone's Italian Band and the Barracks Drum and Trumpet Corps furnish outdoor music and Seiby's Famous Orchestra provides excellent music in the Dancing Pavilion, while Purger's Orchestra plays in the Theater.

During the entire week beginning May 11th the Democratic Glee Club assisted by other organizations, will give musical and vaudeville entertainments every evening in the theater for the benefit of Camp Johnson, the Park managers having donated the use of the theater for that purpose. The program will be changed each evening.

On Sunday, May 17th, Creature and his band of sixty Italian musicians, including a number of soloists and grand opera singers, recognized as the greatest musical organization in the country, will begin a fifteen days' engagement in the park theater giving two concerts daily at 2:30 and 8:15 p. m.

During the week of June 1st the attraction in the theater will be a big opera given for the benefit of the Franklin County Pythian Association, and the week of June 8th the Theron D. Perkins' Musical organization and "Peace Spectacle" will occupy the theater, after which Vaughan Glaser and his Company will present high class plays in the theater for the remainder of the season.

Excursions and outings are now being booked for Olentangy Park, and parties desiring to arrange for an excursion or outing should communicate with the Managers of Olentangy Park. Special inducements are offered to excursionists and picnic parties.

SALESMAN SUICIDE

Columbus, O., May 12.—Ray Williams, 25, traveling salesman, died from the effects of an overdose of cyanide of potassium. Williams took the poison in a store with suicidal intent. A wife survives.

WILL TAKE 3 LIVES FOR 1

By Associated Press.

Juarez, Mexico, May 12.—Three American lives for every one in his command killed by Rebel soldiers, is the toll he expects to collect, according to a defiant dispatch receiver from Gen. Rogelio Quevedo, today.

Quevedo said he would kill the Americans at the ratio of three to one for every man he has lost, as revenge.

The Big Northern Cattle Company of Chihuahua, owned by Americans, has demanded protection of the rebels.

ATTENDS BRIGADE MEETING TODAY

Major George C. Parrett, of Lyndon, was in this city Tuesday on his way to Columbus to attend a brigade meeting of the Uniform Rank, K. of P.

Mr. Parrett is one of the most active Uniform Rank members in the state, and is a former well known resident of Fayette county.

SENIOR CLASS DAY

The Seniors are planning for a most attractive and novel class day program on the evening of May 22nd.

The class officers will appear and new features will be introduced.

The Glee clubs are now in rehearsal for special music.

Read about the Fayette Credit Bureau in this issue.

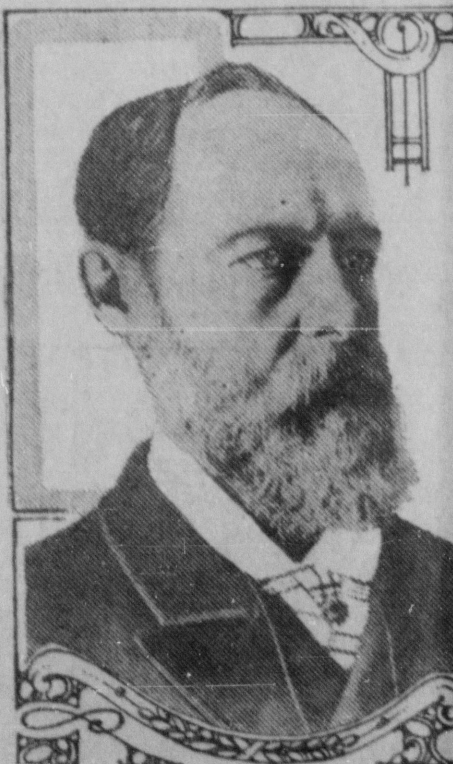

ROYAL PRINCES IN UNION ARMY

Count of Paris and Relatives Served Under McClellan.

IN the Union Army of the Potomac, serving under General McClellan, were three men, each having a claim on the throne of France. They were the Count of Paris, pretender to the throne; his brother, the Duke of Chartres, and the Prince de Joinville, who was uncle to the two others. They were members of the royal house of France, removed from the sovereignty by the revolution of 1848. The representative one of the three princes was the Count of Paris, for he would have been king of France if the royalists had been able to establish him there.

Although the Count of Paris was on headquarters duty—he served as a captain and aid-de-camp under the title of Louis Philippe d'Orleans—he was by no means a carpet knight, but one of the rough and ready soldiers who braved danger and hardships with his American comrades like a yeoman, prince though he was and king that might be. The fact that he was a student and observer as well as a daring man of arms no doubt gave a sober hue to the personal recollections of the war which he published in Europe and America, yet his observations are so frank and earnest that, coming from a foreigner of rank so exalted, they have all the interest of the most stirring narratives.

The count reached Washington shortly after the battle of Bull Run, when Scott was general in chief, and was assigned to duty on the staff of McClellan, who had just arrived on the Potomac to command the forces in front of the capital. In those days the army was being created from the mob of volunteers, and there were many sights strange to the eyes of observant foreigners. One of the earliest per-

COUNT OF PARIS (FROM PHOTOGRAPH TAKEN SHORTLY BEFORE HIS DEATH IN 1894).

sonal incidents narrated in his history of the civil war is of a balloon trip he made from the Union camp, near Fairfax, over the opposing lines, which were very close at that point.

The Confederates, he says, were struggling about their quarters and hanging over their campfires gossiping or waiting for their rations, while on the Union side the troops were under arms and engaged in drilling or dress parade. Of the count's headquarters services General McClellan has many good words in his memoirs. He took the dangerous and disagreeable things incident to his calling as an aid with the best grace. His first experience in real war in this service was had at Yorktown, on the peninsula.

The services of the count ended within a week after the battle of Gaines' Mill and covered a period of about ten months. Although an alien, he held very decided opinions upon the issue of the war, and his work shows that he was guided by conviction.

The Nation's Dead

Beside the army of her dead
Once more the Nation stands
With banners waving at her back

And blossoms in her hands.
With equal love and grief and pride,

Impartially, today
She drops her roses and her tears
Upon the Blue and Gray.

Forgotten are the years of strife,

The cause they lost or won.
Each sleeper in the silent tents
Is her beloved son.

The uniforms are ashes now,
The swords and guns are rust,

But Memory's eternal green
Is rooted in their dust.

—Minna Irving in Leslie's.

OLD GLORY ON MEMORIAL DAY.

OF all the many questions that are constantly being asked the war department at Washington to answer the one most frequently put before it is as to the correct position of flying Old Glory on Memorial day at army posts and stations.

To those who have no relation to the military service it is almost the universal belief that the flag should be displayed at half staff all of May 30, but this is not so, for paragraph 444 of the army regulations prescribes as follows:

"444. On Memorial day, May 30, at all army posts and stations the national flag will be displayed at half staff from sunrise till midday, and immediately before noon the band, or field music, will play some appropriate air, and the national salute of twenty-one guns will be fired at 12 m. at all posts and stations provided with artillery. At the conclusion of this memorial tribute at noon the flag will be hoisted to the top of the staff and will remain there until sunset. When hoisted to the top of the staff the flag will be saluted by playing one or more appropriate patriotic airs. In this way fitting testimonial of respect for the heroic dead and honor to their patriotic devotion will be appropriately rendered."

MEMORIAL DAY'S PRETTIEST CEREMONY.

IN the opinion of many persons the most touching ceremony of Memorial day is casting flowers on the waters in memory of those who perished at sea. Sometimes a little boat covered with flowers is used. As the tiny vessel, blossom laden, passes down the current it bears with it the silent prayers of those assembled to witness the observance. Here is an account of the flower ceremony as practiced on a recent Memorial day in San Francisco:

Finished With Glazed Surface

"The tides of yesterday, as they swung backward and forward over the sea, were laden with the blossoms of Memorial day. Though the ocean is fickle and the graves of its heroes are unmarked and unknown, many a wave carried emblems of the love and honor which a freed and united people bear for the loyal men who battled in the years gone by for America's independence, first on land, then on sea, and then for her unity."

"The flowers were destined for the rolling waves which surge above the

The sentiments are beautifully expressed in flinging to the sea the flowers which on land graced the identified graves of loyal men whose bravery is recorded in history and whose valor the world sings.

"A solemn hush and awe fell as the chaplain offered up a prayer to the God in whom the nation trusts. A brief prayer it was—a simple petition without oratorical effort, a plea from the nation straight from the heart to the throne of the Almighty.

"After the prayer there were an address, a recitation and an oration. 'Nearer, My God, to Thee' was sung by a quartet. Then followed the throwing of flowers to the waves. With bared heads the entire congregation joined. It was as though each wave which rolled by was intrusted with a burden of floral greeting which would be carried inevitably above the sepulcher of a forgotten hero, there to rise and sink with rhythmic swing, an expression of the people's gratitude to one who had died amid the roaring of cannon and the crash of ship on ship. A detail of the naval militia from the United States steamship Marlon fired the minute guns and then the audience joined in singing 'America,' after which the Lord's Prayer was recited.

"But next to the consigning of flowers to the waves the playing of 'taps' was the thrilling item on the program. It was played by a veteran of the navy. The notes floated out over the billows like a benediction."

Hope.

Life is very pleasant so long as there is hope at the end of the rainbow.—Manchester Union.

THE DICE-MARK HDW. CO.

SEN. HOKE SMITH DEFENDS REPEAL

Georgia Senator Takes Firm Stand For Repeal of Clause Granting Exemption of Tolls to American Coastwise Vessels—Only Fair and Right That Every Vessel Should Pay For Use of Canal Built at Vast Expenditure of the People's Money, Is Claim of Senator.

By Associated Press.

Washington, D. C., May 12.—Senator Hoke Smith, of Georgia, today championed repeal of the clause in the Panama canal act granting exemption of tolls to American coastwise vessels in the coastwise trade. He told the Senate he would vote for repeal "because of our treaties with Great Britain and Panama," and because in his opinion, "it is right that the owners of these vessels should bear, for using the canal, a fair part of the cost of our government of building and operating it." Summarizing his objection to exemption Senator Smith contended that:

"The coastwise vessels will naturally stop at the ports of Cuba, Mexico, Central America, Panama and, perhaps, elsewhere. Their cargoes will not be limited exclusively to bona fide coastwise traffic of the United States.

"Traffic from foreign countries will be unloaded at ports of the United States to be immediately reloaded in a coastwise vessel for passage through the canal to the opposite coast of the United States, thus in reality carrying through the canal foreign traffic in coastwise vessels without paying tolls."

Reviewing the history of the Panama tolls legislation, and quoting from a speech accredited to Former President Taft early this year, the Senator said:

"Mr. Taft was wrong in supposing that the idea of Democratic senators and congressmen in voting to free the coastwise trade from tolls was to give a subsidy to our coastwise ships. Had they known that he considered it necessary under the treaty to fix the tolls at a rate which estimated payment of tolls by the coastwise vessels, thus making the freedom of the coastwise vessels from paying tolls, a clear subsidy. Democrats would not have disregarded their party platform and the established principles of their party by voting for this subsidy."

"Those who seek to restrict the meaning of the Hay-Pauncefote treaty by picking here a word and there a word in disregard of the entire tenor of the treaty," he continued, "merely disclose the unshakable fact that the treaty intended to provide for the use of the canal by the citizens of the United States and the subjects of Great Britain and of other nations observing the rules prescribed, so that there would be no discrimination against any of the citizens with respect to the conditions or charges of traffic for passing their commerce through the canal."

Senator Smith declared that the Hay-Pauncefote treaty is made a part of the title to the canal zone in the treaty of conveyance from Panama, and that talk of terminating it from a legal standpoint was "absurd." Termination of the treaty," he asserted, "would compel us to give up the canal unless we abandoned our attitude as a law-abiding nation and resorted alone to battleships and brute force to keep the property."

"Our right to fortify and use the canal as a national defense," he added, "followed ownership of the zone, and Great Britain, by promptly conceding this fact, conformed to the terms of the treaty."

Mr. Smith said that the contention that the words "all nations" in the treaty mean "all other nations" and do not include the United States, "is based upon a rule of construction which might have been applicable if the United States at that time had owned the canal and the territory through which the canal was built, and was simply granting a provision to some other nation." That contention, he declared, however, would have had no force under the present treaty, because it declared that the general principle of neutralizations of the Clayton-Bulwer treaty should not be impaired.

Outlining the interest which Canada and the countries of South America had in the tolls controversy, Senator Smith said:

"When the president in his message referred to 'other difficulties' to be raised by the passage of our coastwise vessels through the canal without charge, while I do not speak ex cathedra, I may well conceive that he had in view our general relations with all our neighbors in America, and not what may have suggested, some ulterior purpose in connection with the government of Great Britain."

The senator argued that the United States really would surrender nothing by the repeal. "The surrender," he continued, "is made only if we fail to make the corporations owning these vessels pay their just part of the expense of the Panama canal. Their gain through the subsidy now allowed is the loss of all the people."

He asserted that if a subsidy were to be granted to any vessels, "it should be given to those engaged in the foreign trade which need help, not to those engaged in the coastwise trade already protected from foreign competition, already rich and prosperous."

WORK OF DEMONS

By Associated Press.

Kingston, N. Y., May 12.—A bomb thrown mysteriously into the bedroom occupied by Mrs. Darwin Hinkley and her two daughters early today exploded and seriously injured two of them. One of the daughters escaped unhurt. Mrs. Hinkley received injuries which may result in blindness. Before the explosion the family was awakened by hearing something drop in the room. As they got up to investigate, a blinding explosion drove them against the walls.

ETNA AGAIN ON RAMPAGE

By Associated Press.

Catania, Sicily, May 12.—Slight earthquake shocks were felt today in this vicinity and Mt. Etna became very active again. During the night tongues of flame issued from the crater surmounted by a high column of smoke. The bodies of all those who were killed during the recent disaster have been buried.

OPEN CANAL NEXT WEEK

By Associated Press.

Panama, May 12.—The first ship to pass through the Panama Canal under regular conditions will prob-

ably make the trip early next week, according to Governor Goethals. The channel through Cucaracha will be completed about Thursday.

PRESIDENT CONFIDENT OF RESULT

By Associated Press.

Washington, D. C., May 12.—Members of the cabinet, after a long conference with President Wilson today, on the Mexican situation, declared the President maintained confidence that mediation would succeed and that further strife would be averted.

Most of the discussion in the cabinet meeting, it was said, related to mediation. The situation at Tampico was reported to have been discussed. Lack of definite information as to the progress of the battle raging at Tampico caused cabinet members considerable concern. The report from London that Great Britain had ordered the Bristol, a speedy cruiser, to proceed to Tampico was not regarded as of particular interest.

SEVEN KILLED IN EXPLOSION

By Associated Press.

Norfolk, Va., May 12.—Seven dead and three severely injured was the toll of the explosion of one of the boilers of the Old Dominion Liner Jefferson, at 10:55 last night, five miles inside Cape Henry.

The dead are all colored firemen and coal passers, while the injured are Chief Engineer W. L. Portlock, Chief Assistant Engineer H. B. Smith both of New York City and M. Olsen, an oiler.

MYSTIC SHRINE TAKES ATLANTA

By Associated Press.

Atlanta, Ga., May 12.—With the arrival today of special trains from the north and west, Nobles of the Mystic Shrine from every state had reached Atlanta in time to partici-

pate in events incident to the Imperial Council's formal opening.

Templars and Patrols were in line early and more than fifty bands were in the parade. Mayor Woodward declared today a civic holiday in honor of the Shriners. The chief parade will take place tonight.

MURDER SCENTED

By Associated Press.

Pittsburg, Pa., May 12.—What the authorities of Allegheny county believe was a murder and robbery was uncovered early today, when the body of Dr. George W. Goetz, 28, of McKeesport, was found on the railroad tracks near Hawkins Station. The head was crushed and both feet had been cut off.

CLAIM NYE GOT FORTUNE

By Associated Press.

Columbus, O., May 12.—Dr. Geo. D. Nye, former representative from Pike county, received an aggregate sum of \$35,217 from the Ohio Electric Company and The Stratford Construction Company for ties of poor quality, and the contracts were arranged by Wm. Kirkby of Toledo, lobbyist, in exchange for Nye's influence in the legislature. This will be brought out in testimony of the state in the trial of Kirkby on a charge of bribery, according to an address of Attorney General Hogan to the jury today.

DRINKING TROUGH SPREADS DISEASE

By Associated Press.

Philadelphia, Pa., May 12.—Following its ban on common drinking cups for human beings, the Board of Health today forbid the common drinking trough for animals. Glanders and other diseases are spread by common troughs, it was declared.

FEELING IS AGAINST U. S.

By Associated Press.

PARIS, FRANCE, MAY 12.—"DEATH TO AMERICANS" WAS WRITTEN IN SPANISH IN LARGE BLACK LETTERS ACROSS THE STONE DOORSTEP OF THE UNITED STATES EMBASSY OFFICE IN PARIS EARLY TODAY. THE AUTHORITIES HAVE POSTED THREE POLICEMEN ON PERMANENT DUTY IN THE VICINITY.

JUDGE A. G. DAYTON

Federal Jurist Under Fire in the House of Representatives.

MEXICANS ORDER CONSUL'S RELEASE

By Associated Press.

WASHINGTON, D. C., MAY 12.—SENOR OLIVERA, THE BRAZILIAN MINISTER IN MEXICO CITY, INFORMED THE STATE DEPARTMENT TODAY THAT THE MEXICAN GOVERNMENT HAS ORDER-

ED THE IMMEDIATE RELEASE OF VICE-CONSUL JOHN R. SILLIMAN, HELD PRISONER AT SALTILLO.

THE MINISTER ADDED THAT AS SOON AS MR. SILLIMAN REACHED MEXICO CITY, HE WOULD OBTAIN FOR HIM SAFE CONDUCT TO VERA CRUZ.

MEXICAN WAR GOES MERRILY ON

By Associated Press.

Washington, D. C., May 12.—Admiral Howard, commanding the American fleet off the west coast of Mexico, today reported a battle be-

tween the Mexican Federals and Zapata revolutionists, 20 miles from Acapulco. Admiral Howard said that 16 Zapatistas were killed. The fighting at Mazatlan continues, the report said.

FEDERAL TROOPS GO TO CAPITAL

By Associated Press.

On board the U. S. S. California, Mazatlan, via Wireless to San Diego, May 12.—Mexican Federal troops defending San Blas, a seaport half way between Mazatlan and Manzanillo, have evacuated the town. It is understood they were ordered by Huerta

to proceed to Mexico City to strengthen the force there. It is believed troops at other points on the west coast will be ordered to the capital. Americans in the Yaqui Valley, reassured by the promises of the Constitutionalists, have decided to remain on their ranches. General O'Bregon is said to have guaranteed protection.

CARE NOTHING FOR LOBOS ISLAND

By Associated Press.

Washington, D. C., May 12.—State and Navy department officials were inclined today to regard as unimportant the Lobos incident which had caused Gen. Huerta to protest that the landing of American forces there

to re-open the light house, constituted a breach of the armistice between the two armies. Secretary Daniels said there was no thought of occupying the island in the war sense of the term. "We have no desire of taking the island," said Mr. Daniels.

LOOK INTO NEW RIVER DISASTER

By Associated Press.

Eccles, W. Va., May 12.—Formal inquiry into the causes leading up to the explosion in Mine No. 5 of the New River Collieries Company April 30th, which claimed 172 lives, was commenced today by Earl Henry, Chief of the West Virginia Mining Department, in connection with representatives from the office of Attorney General of the state.

Experts from the Federal Bureau of Mines will begin their investigation tomorrow and the owners will have the mine examined later in the week. This will be followed by the inquest. There are still 14 bodies in the mine, but crews are working day and night to clear away the debris under which they are buried.

ROSE TELLS SAME STORY

New York City, May 12.—Jack Rose, star witness on the first trial of Charles Becker for the murder of Herman Rosenthal, appeared in that role again today. A trifle stouter than when he appeared before, he took stand shortly before noon and calmly told of the part he played in the events leading up to the gambler's death. Substantially, it was the same story that he told in the first trial. Rose recited how Becker and Rosenthal had entered into a partnership in a gambling establishment, how they quarreled, how exposure for Becker was imminent and how Rosenthal's death was plotted.

BRITISH CRUISER SENT TO TAMPICO

By Associated Press.

London, England, May 12.—The British cruiser Bristol, now stationed at Portsmouth, was ordered today to proceed to Tampico as speedily as possible.

STILL ANOTHER HATCHET USER

By Associated Press.

London, England, May 12.—A militant suffragist armed with a hatchet today seriously damaged the valuable portrait of the Duke of Wellington in the Royal Academy. She had concealed the hatchet in her muff.

WROTE TREATY WITH AMERICA

By Associated Press.

Madrid, Spain, May 12.—Eugenio Montero-Rios, one of the best known Spanish statesmen and the man who drafted the treaty which brought the Spanish-American war to a close in 1898, died today, aged 82.

NAVAL BILL

By Associated Press.

Washington, D. C., May 12.—The Naval Appropriation bill was reported to the Senate today by the Naval Affairs committee, an increase of \$1,182,000 over the bill as it left the House. In all the bill carries \$140,990,833, or \$3,500,000 less than the estimates for the coming year.

MUST LIBERATE CONSUL AT ONCE

WHAT THE Fayette Credit Bureau ACTUALLY IS

Bryan Protests Against Detention of John Silliman.

CONFERS WITH MEDIATORS

Latter Put the Protest of President Huerta Regarding the Seizure of Lobos Island Up to the American Secretary of State—Developments Threaten Success of the Mediation Conference.

Washington, May 12.—While peace negotiations marked time pending formal sittings of the South American mediators to begin Monday on Canadian soil, the mediators and officials of the state department here were occupied with several serious phases of the Mexican situation demanding immediate attention.

Secretary Bryan called at the Argentine legation and spent two hours in conference with the South American envoys, discussing the continued detention of John R. Silliman, American vice consul at Saltillo, by Mexican federalists, the reported seizure of Lobos Island with its lighthouse by American torpedo boats and the case of five South Americans, under arrest at Vera Cruz for firing upon United States sailors and marines.

Mr. Bryan insisted that the release of Silliman must be brought about at once. When asked about the matter later he would not say what would happen if the vice consul were kept in prison, but he was gravely emphatic in announcing the government's determination to have him freed.

The protest from President Huerta regarding the seizure of Lobos Island was put squarely up to Secretary Bryan by the mediators. The first official news of the landing of American sailors on the island has reached the navy department. Rear Admiral Mayo cabling that the Mexican keepers deserted the great lighthouse on the island and that the destroyer tender Dixie was "maintaining it for the benefit of navigation."

Other Disturbing Elements.

Other disturbing elements regard-

ing Mexico also continued to arouse interest. General Funston at Vera Cruz was appealed to by the Brazilian minister at Mexico City to release several South Americans, including three Brazilians, a Peruvian and a Chilean, who had been arrested and are awaiting trial for sniping American soldiers from refuge of a tramp steamer in Vera Cruz harbor.

The prisoners are understood to have been on a Norwegian merchant steamer lying in the harbor when the American troops were landing. When the naval officers located the snipers they signaled the ship to cease firing, and later an officer boarded the vessel and caught the five men with what he reported to be evident marks of their guilt. He promptly arrested them and turned them over to General Funston, who ordered their trial by a military commission. The penalty for the offense is death.

Secretary Garrison has already informed General Funston, pending further action by the state department, that any representations made to the American government in behalf of the prisoners must come from the diplomatic representatives of their own governments.

From Tampico, where Mexican federalists and Constitutionalists have been preparing for a sanguinary struggle, came rumblings of battle, while reports that Huerta's strength was waning in Mexico City and that the bandit leader Zapata is about to attack the capital from the south, served to rouse diplomatic agents of foreign nations lest their people in Mexico City might be in immediate danger of persecution or death.

Secretary of State Bryan replied to Huerta through the mediators that the United States has not taken possession of Lobos Island; that the American force there are merely maintaining the light, and there has been no violation of the so-called armistice with Huerta.

CANAL BARGE FLEET

New York, May 12.—The New York and Buffalo Steamship company, which has been organized with a capital of \$3,500,000 to operate the first line of freight vessels on the new state barge canal, has been incorporated at Albany. The new line will have a fleet of 30 vessels, all driven by electricity and operated from the pilot house instead of from the engine room.

WHY NOT DO THIS IN FAYETTE COUNTY?

Says the Chillicothe News:

"Road signs of enameled metal, bearing the names of towns and villages on the road and the distance to the larger ones, will be placed on all of the principal county highways in the near future, if the plans that will be laid before the Ross County Auto owners at a meeting to be called soon, are carried out. Sec. Walter Barrett of the Ross County Automobile Owners As-

sociation, is preparing a circular letter addressed to every auto owner in the county, asking him to attend the meeting when the proposition will be taken up and new officers of the association chosen.

"It is the aim of those backing the move to have the old organization revived to make it county wide and to stimulate interest in the betterment of travel conditions in general through out the county. From a business as well as a pleasure standpoint, to both auto owners and travelers by other means, the road signs would be a great advantage.

"Funds for providing these will be obtained by charging a nominal registration fee or annual dues."

USING MOVIE CAMERA TO INSTRUCT FARMERS

Agricultural Commission Now Has Plan For Bringing the Working Bees, Growing Plants, Tree Trimming, Gardening and General Crop Raising Right to the Farmers' Institute—Want More Farmers to Raise Bees—A New Departure.

By Associated Press.

Columbus, O., May 12.—Bees in buzzing swarms, being fed and nursed and driven into 'new hives—all seen through the Cyclops eye of a moving picture camera.

This is one subject of the state of Ohio's "movie" film production plant being used this week. The agricultural commission's motion picture camera, with its operator, Charles J. Benson, has been busy travelling over the state all spring getting pictures of the right and wrong ways of trimming trees, grafting and spraying plants, shearing sheep, planting onions and growing various crops.

The pictures will be shown at farmers' institutes next winter and at the Panama-Pacific Exposition in San Francisco.

Operator Bensinger will be sent to the state experiment station at Wooster soon and later to other places in the state where bees are raised successfully, to get yards of films showing how to care for them.

The camera nose will be shoved close to a swarm of flying and crawling bees and many feet of film run off. The pictures will show the inside of the hive, how it should and should not be kept. It will show the comb in all stages of preparation, the eggs, the queen bee, the drones, workers and nurses.

The agricultural commission of the state is starting a campaign to induce farmers to keep bees. Income from honey is said to be no more valuable than the pollenizing work of the insects.

The moving picture machine will be sent to the hills of southeastern Ohio to take a look at how farmers there have trained dogs to herd sheep on a large scale. It will go to the Scioto marsh in Hardin county where onions are raised extensively.

Those attending farmers' institutes next winter will be shown corn plants actually in the process of growth, with their tops pushing up through the soil and their leaves unfolding when they strike the surface and the sun. Such pictures were taken through a plate of glass set perpendicularly in the soil, with a corn plant growing next to it. The actual taking of the picture involved several weeks, and the use of a camera which automatically exposed the film at regular intervals of several hours.

MAY SEIZE MORE LAND

Lighthouses on West Coast of Mexico Ordered Deserted.

Washington, May 12.—The seizure and maintenance by the United States of the lighthouse on Lobos Island may be the cause of some action being taken in regard to other lighthouses in Mexico which have been deserted. It is learned that the Washington officials at the navy department are greatly concerned over Huerta's order to have all the lights on the west coast of Mexico put out. Secretary Daniels is alarmed not only over the danger to United States war vessels, but over danger to the shipping of other nations. He will consider this matter with Secretary Bryan and it will not be surprising if the lights, especially on the west coast, which the United States regards as essential to safe navigation, be manned and maintained by Americans.

RED MEN MEET

Dayton, O., May 12.—Several hundred delegates, representing 25,000 members of the Improved Order of Red Men and 10,000 members of the degree of Pocahontas, the ladies' auxiliary, are here for the annual great council session. The adoption degree will be conferred on a class of 200 tonight by Little Turtle tribe of Greenville, O., and Tawana tribe of Sidney, O. At the same time the degree of Pocahontas will confer the great council degree on a class of 100

THE MEXICAN ENVOYS HAVE NO AUTHORITY

Vera Cruz, May 12.—Willio Rabasa, Augustin Rodriguez and Luis Elguero, President Huerta's three peace commissioners who will represent him at the peace conference at Niagara Falls, sailed for Havana and Key West. They departed without relaxing from the dignified attitude they first assumed when they struck the Americans' lines. They have held nothing but the most formal conversations with the Americans.

To Mexicans who visited them aboard ship they declared they were clothed with the broadest powers, but some of those to whom they said this are inclined to believe there is a string to it. No one thinks that the commissioners have power to agree that Huerta shall efface himself as a condition precedent to peace.

The generally accepted theory is that the Mexican envoys will endeavor to aid Huerta in his fight for delay. They believe the mediators are going to Niagara Falls determined to evade a direct issue as long as they can.

BRIBERY TRIAL BEFORE COURT

Columbus, O., May 12.—With the impanelling of the jurors the William Kirkby bribery case was begun in the criminal court, before Judge Frank Rathmell. Kirkby is charged with having bribed Dr. George B. Nye, former representative to the general assembly from Pike county, by purchasing from him as an agent of the Ohio Traction Co., many railroad ties in exchange for Nye's legislative vote.

\$10.00 IN GOLD FOR THE BEST NAME

For Our New Bread

We will give to the person suggesting the best name for our new loaf of bread \$10 in gold. Take a label from our famous Butter-Krust Bread to your grocery, or bring it to our bakery; write your suggested name on a slip of paper, sign your name and

On July First

a committee of three disinterested ladies will carefully examine the names suggested and make the decision, but they will not be allowed to know who is participating.

Suggest as many names as you like. All you need is a Butter-Krust Label with each name.

The New Loaf

will be square in shape, two in a mould, and will be made from our Old Virginia family recipe called "Wheat and Injun."

The idea came to me from a government test of corn products, and the great food value found in corn. I use uncooked corn flakes and White Indian meal, instead of the old yellow "Injun", and malted milk instead of "one gord of barn". We get a dandy, white loaf that keeps moist and "eats fine".

Of course we will still make our famous Butter-Krust Bread, "the loaf that put us on our feet". We will also put Butter-Krust labels on this new loaf until your give us its new name July 1st.

SAUER'S BAKERY.

It is merely the medium by which more than one hundred Business Firms and Professional Men have got together for the following purposes:

First: For mutual protection against those persons who either abuse their credit or fail to pay their just accounts. The person who willfully evades payment of a bill justly due on Bureau Member will not be able to get credit from any other member.

Second: To act unitedly to enforce payment from those persons who have failed to pay according to agreement. This applies only to those who can pay and don't pay. Just consideration will be given the unfortunate, and no hardship will be imposed upon any deserving person.

Third: To better provide for the needs of, and to accommodate more fully, all persons who are justly entitled to credit. This is accomplished by an accurate and reliable information service and is a distinct advantage to the customers of Bureau Members.

Fourth: To reduce the cost of making collections. As the Bureau is in the "wholesale" collection business many members find it cheaper to have it make all their collections than to employ a collector themselves and, of course, it is no reflection upon any person who pays promptly to have the Bureau present an account.

We wish to correct the false impression which a few persons seem to have that the Fayette Credit Bureau is a "collection agency" in the sense in which that term is generally understood. It operates a Collection Department, but never will resort to, or use any bluffing, bull-dozing or threatening methods to frighten people into paying accounts. Under the Bureau plan such questionable tactics are not required. However, any clean, reputable and business-like means positively will be used to enforce collections when necessary.

This Bureau is supported by and operated solely for the Business and Professional Men of Fayette County and has been and always will be conducted upon sound and clean business principles. It will promise nothing it cannot see a way to fulfill and will absolutely undertake to perform whatever it promises.

The following is a complete list of the present Bureau membership:

Church Advertising

Unique and startling as it may seem, it is quite true that advertising has entered into the field of church activities.

If advertising has proven itself, as it undoubtedly has, a necessary medium for the selling of goods, for the exploiting of the manufacturer and the success of all business, why should it be less effective in advancing the success of the church?

It is the day of practical application of methods that bring results. Why then cannot the church adopt an important factor in business, clever advertising, to such purpose that it fills empty pews, that it brings about needed reforms and advances the spiritual life of the community.

The sentiment in favor of church advertising is a growing one.

Attention was called to it in our own city by the recent putting up of billboards, representing a church scene Sunday morning. Men, women and children are ascending the steps to the church door and at one side is a picture of the Christ blessing little children.

The unusualness of such a poster cannot but attract attention and its suggestion is one of far better incentive than the average scene on the billboard.

The idea of church advertising is taking on larger proportions. Ministers are no longer content with mere announcements of church services. They put into their announcements whatever is of an attractive nature and offer every legitimate inducement to allure the public.

There is a church in New Jersey that is advertizing as regularly as if it were a department store, howbeit, on a smaller scale. Well written display advertisements are inserted and newspaper space reserved for its exclusive use.

The pastor writes the advertisements and puts into them his own individuality and the pressing needs of the community as they are connected with the life of the church.

The chief problems in which this church has interested itself have been the providing for proper amusement for children and young people, and the offer of inducements for families of small means to find livelihood in the city.

This church has been so successful in its starting of the newspaper advertising movement that for several years it has been famous as one of the most active churches in the country in the direction of sociological progress.

It is not a wealthy congregation, but is exceedingly progressive, and has gained a reputation for actually doing things—things out of the ordinary—and doing them well.

No bargain sale ads have ever been more successfully worked up than have been these church advertisements which have influenced many outside of the direct reach of the church, to recognize and enter into its opportunities.

It is the verdict of the church and its pastor that this introduction of business methods into church management is paying well.

Facing Second Boer War In Which Topography of Mexico Will Fight Back Troops

By Mrs. HARRIOT STANTON BLATCH, President of Woman's Political Union

If you were on bad terms with a family down the street and you didn't want to get into a row with them you wouldn't go down and STAND IN FRONT OF THAT ILL HUMORED NEIGHBOR'S DOOR WITH CLINCHED FISTS, would you? I tell you we women know what's wrong in Mexico and what's wrong in this country.

IT WAS ONLY THE MEN WHO WERE ASTONISHED WHEN THERE WAS BLOODSHED AT VERA CRUZ AND WHEN CARRANZA GAVE US WARNING THAT ALL MEXICANS WOULD STAND TOGETHER. WE WOMEN KNOW OUR MEN CHILDREN. WE KNOW THERE WAS NEVER A TIME WHEN A PERSON INSULTED ONE MEMBER OF A FAMILY THAT ALL THE FAMILY DIDN'T PITCH IN TO RESENT IT, HOWEVER MUCH THEY MIGHT HAVE BEEN FIGHTING AMONG THEMSELVES.

I'll give you a woman's insight into what we are going to face if we go ahead. We are GOING TO FACE A SECOND BOER WAR, in which the very natural topography of Mexico will fight back our hundreds of thousands of soldiers and will keep them all at bay.

Poetry For Today

FLAT FAILURE.

They did not even smash a plate,
Those movers swift and able;
They moved us to our new estate
And did not wreck a table!

They did not break a kitchen chair,
Or dent the fender's brasses.
Away they drove and left us there
With uncracked looking glasses!

Our pictures cause us no regret,
Unspoiled our bookcase large is;
Nor was I broke when I had met
Those movers' modest charges!

They did not put a single dent
In Joe's atrocious Dante;
Uninjured are the presents sent
On our birthdays by auntie!

Not one thing's damaged, no, not one;
I've no chance for reproving
Those movers who thus spoiled the fun
Of picking up and moving!
—Chicago News.

Weather Report

ASSOCIATED PRESS PRESIDENT TALKS

Defends Association Against Attacks From Competitors Who Try To Imitate Superiority of Service Rendered by Associated Press in Giving Reliable News of The World to its Patrons.

By Associated Press.

Lawrence, Kans., May 12.—A letter from Frank B. Noyes, of the Washington, (D. C.), Evening Star, president of The Associated Press, who had been invited to address the Kansas Newspaper Conference, was read before that organization at the University of Kansas here today. The letter was as follows:

Washington, May 7, 1914.
Mr. Merle Thorp,
University of Kansas,
Lawrence, Kans.

Dear Mr. Thorp:—
It is a matter of sincere regret to me that I cannot be present at what I am sure will prove to be a most interesting and profitable conference.

You ask me, inasmuch as I cannot be with you in person, to write you my views on the question you are to discuss today and this I am glad to do though I am not at all sure that I correctly understand the meaning of the question.

As you give it to me it is divided into two parts:

1st. To what extent is a member of a press association entitled to a monopoly of news in a community? My answer to this is that no member of any press association can under any conceivable set of conditions be "entitled" to a monopoly of news in a community.

The question answers itself. As a matter of fact no such monopoly exists and as an equal matter of fact no such monopoly could exist.

The news of the world like the news of the vicinity is open to all. It is utterly impossible to monopolize it.

If the question is intended to read: "To what extent is a member of a press association entitled to monopoly in a community of news gathered by the association of which it is a member?" a different question is presented.

I can only deal with this as an individual who took part in the formation of The Associated Press (the present organization).

Our desire was to form a cooperative association of representatives of newspapers that should be the agency by which we could exchange news with each other and jointly collect news for our common use.

We conceive that we have an entire right morally and legally to do this, just as much right as a paper in Philadelphia, a paper in Chicago and a paper in Washington have a right to employ Mr. Richard Harding Davis to go to Vera Cruz and send dispatches for their joint use.

It is for us to decide, in our view, whether we will enlarge our group by the admission of new members—as a matter of fact our present membership is very much larger than when we organized in 1900 though it now has only about one-third the daily newspapers of the country represented in its membership.

We have provided a method by which new members may be elected.

My own view—and I have consistently acted on that view—is that a member should be elected when it is to the benefit of the Association generally.

This does not at all mean that I would admit every applicant. We want our members individually to be strong and solvent. It does not strengthen or benefit the organization to elect another member in a field that will not support another paper.

I have also repeatedly refused to vote for an applicant for membership when I thought that his admission would tend to break down a competing news service.

I see by your program that Mr. Irwin is to speak on this subject.

I greatly regret that I will not have the pleasure of hearing him—if only for the purpose of correcting

UNION TOWNSHIP INCREASE MORE THAN QUARTER MILLION

Deputy Assessor Hughes Files Report Showing Gain of \$281,454 in Union Township Over Returns of Last Year—Gain Is Over 50 Per Cent., and More Than Total Valuation of East Union Last Year—Two Townships Yet to Report.

Assessor Joseph C. Hughes has completed his work in Union township and his report filed with District Assessor Dunn shows the splendid increase of \$281,454 in personal property over last year's returns, or a gain of over 50 per cent over last year.

The total returns of personal property are \$842,995, while last year the returns totaled only \$561,541 in the two precincts. Two assessors did the work in Union last year, and one man listed the property this year.

Last year the returns in East Union

totalled \$208,662, and \$352,879 in the Western precinct.

It will be noticed by the above figures that the gain in the entire township this year is \$72,792 more than the total returns in East Union last year.

The gain in Union township has been one of the most pronounced in the county, and like the gains throughout the county, shows the successful work of the assessors under the Warnes tax law.

District Assessor Dunn expects to have the entire returns in by next week some time, as only two townships remain unfinished—Jefferson and Paint, and the returns from Paint township are expected at any time.

The few days' delay in Jefferson has been due to the fact that one man, George Blessing, is doing work which three assessors did last year, listing the property in both North and South Jefferson and Jeffersonville.

MANY ARE READY TO VOLUNTEER

Quite a number of new recruits have been added to Company M during the past two weeks, and a large number of persons who wish to take part in the conflict with Mexico when the conflict actually comes, have informed Capt. Hardway that they will be ready to go.

Dozens of men have held back until it becomes certain that the company will actually go to the front, and state that they will then enlist for service.

Meanwhile Company M is kept in readiness for departure on short notice, and members of the company are confident that they will go.

NEW HIGH SCHOOL BOND ISSUE CARRIES

By a majority of 103 votes the taxpayers of Deerfield township voted to build a new high school building in Clarksburg, to supplant the old structure in that thrifty village.

Work on the new building will be started within a short time, and it will be finished in time for school to open next fall.

FREIGHT DEPOT MAY NOT BE BUILT

C. H. & D. Railroad Has Not Decided to Accept Conditions of Ordinance Recently Passed by Local Council. According to Unofficial Report—Project May be Abandoned or Negotiations for Changes Opened.

Unofficially it is stated that the C. H. & D. will, in all probability, not accept some of the conditions of the franchise granted by council for regulating the building of a new freight station and yards in this city.

Since the ordinance was passed it has received the close attention of the C. H. & D. officials, with the result that no further action toward building the new station has taken place, and it is claimed that the station and yards will not be constructed under the restrictions of the franchise ordinance.

It is expected that it will be definitely decided within a short time whether the project will be abandoned indefinitely, or whether negotiations for changes in the ordinance will be opened.

Meanwhile the inadequate facilities of the road at this point continue to hamper the handling of freight.

FLIES CAUSED EPIDEMIC.

London Government Board Objects to Offending Dust Heap.

London.—An outbreak of enteritis occurred last summer among the children in the Southwark infirmary, and nine died. The epidemic was definitely traced to the presence near the infirmary of the Camberwell borough council's dump for dust and rubbish, which is now taken to a railway siding at East Dulwich railway station, close to the infirmary.

The local government board has again called upon the Camberwell borough council to make other arrangements for the removal of its dust and rubbish.

Dr. Bruce, the medical superintendent, declared that the cause of the outbreak was to be found in the dust siding. During hot weather, he said, the institution swarmed with flies, and the children's wards were unbearable.

Dr. Fletcher, a local government board inspector, supported Dr. Bruce, but the borough council for the second time declined to take action and merely acknowledged the board's letter.

GROUNDS FOR DIVORCE.

Husband Set Ablaze When Lamp, Hurled at Him, Explodes.

Atlantic City, N. J.—"This makes good evidence upon which I can get a divorce," was the reply of John Hamilton to the police, when they demanded that he sign a complaint against his wife and met with a flat refusal.

The wife, it is alleged, in a rage hurled a lighted lamp at his head, which struck the wall, exploded, fired his clothing and set the furniture and carpets in his home aflame. Firemen found him unconscious on the floor after they had used chemical fluid to conquer the blaze. He was sent to the hospital, where his burns were dressed. His injuries are not serious.

Love of Glory.
The love of glory can only create a hero; the contempt of it creates a man.—Talleyrand.

BOARD VOTES FOR A NEW SCHOOL BUILDING

At a meeting of the Board of Education of Perry township, Monday night a resolution was adopted to issue \$3,000 in bonds for the erection of a new school building in sub-district No. 6, to take the place of a building destroyed by fire several years ago.

The school is known as the Wabash school, and efforts have been made to replace the structure, but heretofore the Boards of Education have refused to take the necessary action.

However as there is a large number of children in the Wabash neighborhood, the present board of education decided to erect a new building.

The Perry township Board of Education consists of the following well known men: A. J. Johnson, T. L. Wilson, Henry Ritter, E. M. Haines, W. R. Everhart. The new building will be located on the site of the old structure some seven miles south of this city, and two miles north of New Martinsburg.

STOOKEY WOULD MARRY THE GIRL

Orville Stookey, confined in the county jail for the theft of his mother's horse, has informed fellow prisoners that: "Just as soon as I get out of here I am going back to Greenfield and marry one of the girls I was with when I was arrested."

Stookey apparently does not realize the enormity of his offense, and that it is likely to place him in the penitentiary for a term of years.

OUT FOR SHERIFF

Deputy Sheriff Andy C. Nelson has entered the contest for the nomination for sheriff, and is a candidate on the Republican ticket.

SHOW WINDOW

MORE COMMITTEES NAMED; HEADQUARTERS BUSY PLACE

Captains of the 20 Teams of Workers Will Meet at Y. M. C. A. Tonight—Interest in Campaign Preparations Increases—Plans for Association Include Broadening Scope of Its Work.

Another important meeting was held by the general committee of the Y. M. C. A. Monday night, and the remainder of the sub-committees were appointed as follows:

Committee to see out of town people, Miss Florence Ustick.

Banquets and Luncheons—J. Earl McLean, Ray F. Zaner and Ed Fite.

Clocks and Banners—J. Howard Hicks.

Automobile Service—Frank M. Kennedy and George Hitchcock.

Country Solicitations—E. L. Bush, Edgar Snyder and Ray F. Zaner.

The captains of the various committees are to be secured by Tuesday night, and will hold a conference at the Y. M. C. A. at 7:30 o'clock.

The campaign headquarters now presents a scene of utmost activity, with the click of five or six typewriters causing a continual clatter,

and a hundred and one other evidences of activity.

While preparations for the campaign are under way the Board of Trustees of the Y. M. C. A. are busy, and are casting about for the best man that can be obtained to succeed Mr. Zaner as secretary of the Association.

Plans for the summer schools and summer work in general are taking form, and everything about the big institution is moving forward nicely, and when the campaign is over the institution is expected to be upon a splendid financial footing, so that its work may be broadened out in the future, and still more done toward the uplift of the boys and young men of the community.

People all over Fayette county are coming to realize more and more that the institution is a big thing as a community center, and that it is of especial benefit to all who come in contact with it, although the influences of the Y. M. C. A. reach much farther than to those who are regular members of the big Association.

Inasmuch as the campaign is for a total of \$25,000, both telephones at the headquarters office are number 25,000.

REAL ESTATE DEALS

A number of real estate deals have been closed for Washington C. H. property during the past two days.

Yesterday Howard Engle purchased the Lou A. Green residence property on Washington avenue, and in a few weeks will begin the remodeling of the property, making of it an attractive modern home. This is one of the most attractive locations in the city. The lot is 59x165 feet in size, has fine shade and pleasant surroundings. The sale was made by Dalbey and Hitchcock.

Captain E. A. Ramsay yesterday closed a deal for the purchase of the Wm. E. Taylor vacant lot on the south side of Washington avenue. The lot adjoins the C. R. Dalbey home. Captain Ramsay already has the plans drawn for a new 2-story bungalow residence on this lot, and it will doubtless not be long before the contract for building will be let.

Read about the Fayette Credit Bureau in this issue.

RIDDLE OF THE TIN SOLDIER IS COMING

Proprietor Johnson, of the Wonderland, has received word that the feature film, "The Riddle of the Tin Soldier," the scenario of which was written by Hugh C. Weir, of this city, will be shown at the Wonderland Wednesday night of this week.

The female detective, "Madelyn Mack," a clever character used effectively in a series of stories written by Mr. Weir, is the leading character in the play, and the part is filled by one of the film company's best actresses.

The same company is now rehearsing another production written by Mr. Weir, and five additional scenarios featuring Madelyn Mack have been ordered by the film company.

COURT OF APPEALS IS MAKING HEADWAY

The Court of Appeals, which convened here Monday morning, is making good headway in the hearing of cases.

Tuesday morning the case of the B. & O. Railroad against Matthew Hanna, et al., was taken up for hearing.

Judges J. I. Allread, Columbus, H. L. Ferneding, Dayton and A. H. Kunkle, of Springfield, are on the bench.

MAKING IMPROVEMENT

Workmen are making some radical changes in the office of the county commissioners. The changes were recently authorized by the commissioners, and consist of the installation of a toilet room in the alcove of the office.

The work will be completed within the next day or two.

Individuality in a prettily curtained and cushioned window seat is possible by using

COLONIAL
Drapery Fabrics

Plain shade materials may be used for the seat and cushion coverings and for the curtains. Cut-out figures may be applied as borders or individual design units.

REBELS COIN MONEY.

Coins Not Pretentious and Look as if Made by Amateurs.

Juarez, Mexico.—It is not generally known that the Constitutionalist forces in Mexico have coined money in silver and copper. These coins were struck in Chihuahua and are very crudely done—in fact, are about the most amateurish pieces of money that have been produced in many years. The peso or dollar has on one side simply "H del Parral, 1913." In a wreath, and on the other side, "1 peso."

The half dollar is more pretentious. On one side is the inscription, "Fuerzas Constitutionistas, 1913" (Constitutionalist forces), and in the center a liberty cap surrounded by rays, a copy of the older style of Mexican coins. The reverse has "50 centavos" in a wreath, a poor copy of the present coinage of Huerta. The copper piece, which is said to have been made from trolley wire melted down, is similar to the 50 centavos, but has a "2 C" in a wreath for 2 centavos.

EDISON BRAVES DOCTOR'S IRE

"Wizard" Burns Midnight Oil to Perfect Talking Movie.

West Orange, N. J.—Much against the advice of his physician and his family, Thomas A. Edison is again burning the midnight oil. It became known here that in a week Mr. Edison has spent less than six hours in his home, Glenmont, in Llewellyn Park.

Practically all day long and the better part of the night the "wizard" is on the third floor of his laboratory working on the talking movie.

"Any person who knows Mr. Edison is acquainted with the fact that he will never give up interest or work or experiment with a thing until it has become as nearly perfect as possible," said William H. Meadowcroft, his private secretary.

In Social Circles

Of much interest in Washington circles were the following invitations sent out from Columbus:

Reverend Nelson Creamer requests the pleasure of your company at the marriage of his daughter, Mary Ethelyn to Mr. Edward Kromer, on the afternoon of Wednesday, the third of June at half after three o'clock, 38 West Hinman avenue, Columbus, Ohio.

The bride is a niece of Mrs. S. E. Parrett, of this city, and her attractive personality easily won many friends during visits at her aunt's home.

Miss Essie Vincent will be the guest of honor this evening, when Miss Grace Paul is entertaining the young women of the Tuesday Afternoon Kensington club.

Although no formal announcement of Miss Vincent's engagement to Mr. James Kelley has been made, Dame Rumor is prophesying the nuptials for early June, and in anticipation of the approaching event the affair of

this evening is a miscellaneous show-er.

The hospitable Paul home, fragrant with pink and white carnations, will accommodate itself admirably to the shower, and an array of inviting packages, daintily wrapped and testifying to the popularity of the bride-elect, await her untying.

Miss Vincent is wearing a handsome gown of dove gray crepe de chine, figured with salmon rose buds, and having messaline girdle of salmon pink, very becoming to her striking brunette type.

After the merry hour over the gifts, the charming young hostess is serving an elaborate collation, and informal music will complete the pleasure of the evening cordially welcomed among the guests are the sister of the bride-to-be, Mrs. Will Trovillo, of Roxabel, and two former Washington girls, Mrs. Robert Schenck (nee Lou Patton), of Dayton, and Miss Illah Moats, of Greenville.

Mrs. John Paul, Miss Grace Paul and Miss Molly Evick assist in the hospitalities.

PERSONAL PARAGRAPHS

Arthur Dunn, of Chicago, is visiting his parents, Mr. and Mrs. James Dunn.

Mrs. E. C. Hamilton is visiting her son, Mr. Carl Hamilton, in Indianapolis, Ind., where she expects to spend some weeks.

Mrs. Stanley Schneider went to Cincinnati Monday afternoon to visit Mr. Schneider's parents.

Mrs. W. B. Gage and brother, Mr. Allen Pearson, left Monday afternoon for Lake Okoboji, Ia., where they will spend the summer at Mr. Pearson's cottage. Rev. Gage will probably join them later for his summer vacation.

Mrs. Bella Ustick returned Monday afternoon from a ten days' visit in Cincinnati.

Mrs. G. R. Pensyl is visiting in Columbus.

Rev. A. W. West accompanied his two young daughters and his father-in-law, Mr. Wells, to Tippecanoe City Monday, leaving his daughters with their grandparents for the next two months, while he takes a much-needed vacation. Rev. West expects to spend the greater part of his vacation at his former home in Nova Scotia, visiting New York and other eastern cities enroute.

Capt. O. E. Hardway is a business visitor in Columbus today.

Phil. Davis, of the Willis Lumber Company, is spending part of the week in Toledo and Detroit on business.

Mrs. W. W. Davies returned Monday evening from Delaware, where she has been the guest of Rev. and Mrs. Corey. Prof. Davies joined her at the home of his daughter from Delaware.

Mrs. Luella Chapman, daughter, Mrs. Harry Flee, sons, J. H. Chapman and Emerson Chapman, attended the funeral of a cousin, Mrs. McLaughlin, in Jamestown, Monday.

FRANK L. STUTSON

It Pays to Buy at Stutson's

Mrs. H. E. Dyer and daughters, of Springfield are visiting at the home of Mrs. Dyer's mother, Mrs. Z. T. Johnson.

Owing to the fact that Mr. Byron Gifford was unable to join his wife Sunday at the home of her parents, Mr. and Mrs. J. L. Rothrock, Mrs. Gifford remained until Tuesday afternoon, when she left for her home in Grand Rapids, Mich., accompanied by her sister, Mrs. Albert Glascock, and daughter, Georgiana.

Mrs. Maude Howland, of Bloomington, is a shopping visitor here today, leaving Tuesday for Washington, D. C., to be the guest of Miss Edith Campbell, at the home of her brother, Rev. W. I. Campbell, former pastor of the Presbyterian church of this city. Enroute home Mrs. Howland will visit relatives in Pittsburg, Pa.

Mrs. W. J. Galvin left Monday for a short visit with her sister, Mrs. John Zollinger in Piqua. Mr. Galvin was the guest of his brother in Lima Monday night, joining his wife in Piqua Tuesday.

Mrs. P. E. Goodwin left Tuesday morning for Columbus to be the guest of Mrs. S. D. Morgan.

Mrs. Minor Williams, daughter, Miss Opal, wear shopping visitors from Sabina Monday.

Mr. P. A. Altland left Monday on a business trip to Detroit, Mich., accompanying his wife and niece as far as Columbus on their way to York, Pa.

Mrs. Allen Eyman, south of town, and Mrs. John Lough, of Greenfield, go to Oxford Wednesday to attend the annual tree day. Miss Mabel Kerr, who is one of the Oxford students participating, is a niece of Mrs. Eyman.

Miss Beulah McCortney, of Sabina, is a shopping visitor here today.

Miss Louise Ballard, who is home from New York for a two weeks' visit, went to Granville Tuesday afternoon to visit Former college friends for a few days.

Mr. Ed L. Bush was in Columbus on legal business Monday.

Hon. H. L. Hadley spent Monday in Columbus.

Dr. G. S. Hodson was called to Columbus professionally Monday. He returned Tuesday afternoon.

Mr. Herbert Campbell was a business visitor in Columbus Monday.

Read about the Fayette Credit Bureau in this issue.

FINISH THEIR WORK AND LEAVE THE CITY

The court house is now about as clean as it has been for many a day, owing to the thorough manner in which the four train riders who were sentenced by Judge Allen to "clean house", performed their work.

Throughout the day, Monday, the four men labored hard, and were rewarded their freedom, Monday evening, the quartet leaving for Columbus.

Not one of the four men tried to escape from the work, although they were not guarded.

Yes, sir, I'm going bring or send my "TWIN" to see you soon. You better get acquainted.

(Signed)
112 tf UNCLE HIRAM.

ORVILLE SEXTON DEAD

Orville Sexton, son of A. J. Sexton of South Solon, died of typhoid fever at his home in South Solon Sunday, and was buried in Greenfield Monday. The deceased was 22 years of age.

W. A. Bruce and wife and John Jones of Bloomington were among those who attended the funeral services.

Sparrow Sets Fire to a Barn.
St. Paul, Minn.—A sparrow that discovered a way to warm its toes during a recent cold snap is blamed for the destruction of a barn belonging to L. O. Walden of Wilmington, Houston county. A report on the fire received by State Fire Marshal C. E. Keller says that the sparrow plucked a live ember from a bonfire and carried it to its nest in the eaves of the Walden barn. The ember set fire to the nest, and the fire destroyed the barn with a loss of \$1,350.

SPOKEN ADVISEDLY.

After Our New Loaf of Bread is Named

I will submit the entire list of names suggested to Mr. A. F. Adams of Indianapolis, the inventor of Butter-Krust Bread, and who offers \$10,000 for a name as good as "Butter-Krust."

The names are coming in fast—send us lots of them. Who knows? You might get the \$10,000. Save a label and send name

Sauer's Bakery

SENSATIONAL SUIT IS FILED TODAY

Bertha S. Steele, through Attorneys Gregg, Patton and Gregg, filed suit in the Common Pleas court Tuesday, in which she alleges sensational grounds for divorce from Robert S. Steele.

The plaintiff states that she was married to the defendant on June 28, 1903 and that 4 children have been born to them, the youngest being three years of age.

Plaintiff further alleges that the

defendant has been cruel to her and guilty of gross neglect of duty.

Automobile rides and buggy rides at night are included in the charges made against the defendant and the woman named in the case.

Plaintiff asks that defendant be restrained from selling certain real estate and personal property near Eber, and that reasonable alimony be awarded her.

W. R. C.

Regular meeting of the W. R. C. will be held Thursday, May 14th, in Memorial Hall at 2 p. m. By order of President.

TAKES A HAND IN NEW HAVEN MUSS

Department of Justice to Move
Against Old Officers.

TO PROBE FINANCIAL AFFAIRS

Interstate Commerce Commission Requested to Refrain From Putting Mellen and the Old Directors On the Stand at This Time—Money Paid by the New Haven In the Promotion of Publicity.

Washington, May 12.—The department of justice has taken a hand in the interstate commerce commission's inquiry into the financial affairs of the New Haven railroad under the old management, and has suggested that the commission refrain from putting Charles S. Mellen and the old directors on the witness stand at this time. The appearance of Mr. Mellen on the stand under oath would, it has been contended, give him immunity from any action by the department of justice.

Besides Mr. Mellen, Solicitor Joseph W. Folk of the interstate commerce commission has summoned William Rockefeller, Lewis Cassel, George F. Baker and others as witnesses. It is understood that the department of justice objects chiefly to having Mr. Mellen examined at this time.

Attorney General McReynolds' assistant, George C. Todd, intimated that if Mr. Mellen and the members of the board of directors testified it would seriously interfere with plans of the department of justice with reference to the New Haven.

Timothy E. Byrnes, formerly a vice president of the New Haven road in charge of legislative matters and publicity, testified before the interstate commerce commission that there was absolutely no secrecy about payments made by the New Haven in the promotion of publicity, and that the

services of prominent lawyers were obtained at a high cost to help wage a campaign against financial interests that were fighting the road. Mr. Byrnes testified that J. Otis Wardwell of Boston received \$12,000 annually for several years and \$20,000 the last year of his employment by the road to keep the management advised as to the trend of the financial fight on the New Haven and to give advice as to how effectually to resist it.

JERKING DAYTON ACROSS CARPET

Washington, May 12.—Representative Neely of West Virginia, in the house formally impeached United States Judge Alston G. Dayton of the northern district of West Virginia, of alleged high crimes and misdemeanors. He lodged a number of charges with the house judiciary committee and introduced the resolution of impeachment, which will require action by the committee.

A petition signed by more than 9,000 persons requesting the impeachment was filed with the house judiciary committee. Some of the charges were:

"That Judge Dayton had issued injunctions against labor unions, which placed them beyond the pale of the law, and which made their deliberate action conspiracy and their members miscreants and felons; that he has had men and women arrested upon the sole charge of asking other men to join a labor union, and that he, by the use of injunction, has prevented and inhibited the exercise of the constitutional rights of the people to assemble peaceably to petition for redress for wrongs."

REBELS FAIL AT TAMPICO

Mexico City, May 12.—The rebels attacked Tampico and were defeated with serious losses. General Ignacio Morelos Zaragoza, federal commander at Tampico, announced a federal victory in an official message which he sent to the war department.

WIRELESS STOPS FLIGHT OVER SEA

New York, May 12.—Henry Siegel, indicted department store proprietor, who sailed away secretly on the ship Olympic, must return to this country by the first steamer he can catch on reaching England. Arthur C. Train, assistant district attorney, wants Siegel's bail forfeited, but Justice Seabury decided after a conference to hold that matter in abeyance for a few days. The attitude of the district attorney was due to an affidavit of a former employee of Siegel, saying that Siegel had requested him to ascertain what countries have extradition treaties with the United States. That affidavit was submitted to Justice Seabury. Following the conference a wireless message was dispatched to Siegel telling him to return by the earliest boat.

CHAUTAUQUA ITEMS

A season ticket for the Chautauqua is an investment in inspiration. You'll do better work for the balance of the year if you take a week off and enjoy the biggest intellectual and inspirational treat ever brought to this community.

Make Chautauqua Week a homecoming week for all the former residents of this locality. Write your friends to visit you here that week.

No entertainment event has ever offered more or promise to the community than the coming Chautauqua. The volume of entertainment, its character and its variety, makes it of interest to every citizen.

Every good influence in the town will receive a substantial boost from the Chautauqua.

"Lives there a man with soul so dead, Who never to himself has said— Of progress lest I block the way, I'll boost the coming Chautauqua."

"Save the home town" is the slogan of many a good town throughout America today. The Chautauqua is a mighty help in that direction. Give the young people the opportunity to see and hear the great men of the day; to hear the great music; to sit at the feet of the great teachers. It is the best investment a town can make in future citizenship.

COLUMBUS A BRANCH

Reserve Bank Committee Completes Work of Organization.

Washington, May 12.—The reserve bank committee announced five banks in each reserve district which have been designated to execute the papers of incorporation for the reserve banks of their districts. The filing of the certificates of incorporation will complete the preliminary work of organization and the election of directors for the reserve banks will be proceeded with immediately. Arrangements have been made with each of the designated banks to have its representatives meet in the clearing houses of their respective bank cities as soon as possible. The organization commissioners expect that all the certificates of incorporation will be in the hands of the comptroller of the currency shortly after May 15.

The banks designated in the Cleveland district are: Phoenix Third National bank of Lexington, Ky.; First National bank of Cincinnati; First National bank of Cleveland; New First National bank of Columbus, and the National Bank of Pittsburg.

OHIO UNIVERSITY SUMMER SCHOOL

The summer session of Ohio University enrolled nearly 1,200 students in 1913. The remarkable growth of this school is simply a part of the equally remarkable growth of the University in all its departments. When President Ellis entered upon his phenomenally successful administration twelve years ago, the outlook was not promising and even the most hopefully ardent friend of the institution could have had no vision of what the next few years were to bring about. The large, well equipped buildings now in use and in progress of erection, the beautifully kept campus, the united and earnest faculty, and the large and earnest student body all invited to tell the same story—the story of success by intelligent, persistent, painstaking, and well directed effort on the part of President Ellis and those associated with him in the administration of the affairs of this historic university.

In too many instances, the president of the modern college or university has little or nothing to do with the direction of its affairs, except in the most general way, each member of the faculty being a law unto himself and doing practically as he pleases. Ohio University, under the presidency of Doctor Ellis, furnishes a concrete example of a thoroughly supervised institution of higher education, by a president who is "on the job" all the time and who has thorough knowledge of what is going on.—Ohio Educational Monthly.

DROWNS SELF

Vermillion, O., May 12.—Mrs. A. C. Tretzer, wife of the pastor of First German Reform church here, committed suicide by drowning herself in a bath tub. She had been suffering from nervous trouble for some time.

ROSE TO REPEAT HIS CONFESSION

New York, May 12.—The trial of Charles Becker proceeded smoothly and rapidly after the jury was charged and District Attorney Whitman had outlined the state's case. Jack Rose and William Shapero will be among the first witnesses called by the state. It was Shapero who drove the gray car for the murderers and the brokers in murder. He will be asked whether or not he heard Becker's name used to spur or reassure the gunmen. Most of his story will be new because he was not permitted to testify in the former trial. It is Rose, that clear-witted, gentle-spoken bargainer in assassination, who will endeavor to connect Becker with the killing of Rosenthal and who will repeat his confession that the lieutenant of police hounded him and Webber until they got the word from Jack Zelig that sent the gunmen at Rosenthal.

SWATH CUT BY CYCLONE

Milwaukee, May 12.—The tornado which worked havoc in central Iowa swept over southern Wisconsin, cutting a path from one to four miles wide, while the accompanying electrical storm fired scores of farm buildings and hail ruined crops, causing a money loss of over \$1,000,000, ending four lives and injuring scores. Southern Dane and northern Rock counties were the center of the cyclonic disturbance, but every county in the southern belt of the entire state reports damage from lightning or wind. On Lake Michigan shore a tidal wave swept up the rivers, causing losses to marine interests.

OLENTANGY GREAT AMUSEMENT RESORT

Olentangy Park, the big amusement resort located at Columbus, Ohio, opened its sixteenth successful season under the management of Messrs. J. W. and W. J. Dusenbury, on Sunday, May 3rd, with an attendance of over thirty thousand.

The park has been greatly improved and will be better than ever this year. New amusement features have been installed and the entire grounds and all the former popular attractions have been put in first class condition. The Park now includes more than one hundred acres of beautiful and picturesque grounds, through which flows the winding, willowy Olentangy River. All kinds of amusements are found in this great Park, among which are the largest and finest summer theater in the world, the great steel Dancing Pavilion, numerous sensational and thrilling rides, including the only Loop-the-Loop now in existence, the Shoot-the-Shoots, Whirlwind, Scenic Coaster, Figure 8 Toboggan, Aerial Swing, Electric Autos, Carrousel, Electric Express, Merry-go-round, and many others.

In addition to the foregoing there are launches, row-boats and canoes on the beautiful river, the Colonnade with its numerous and novel attractions, box ball alleys, billiard and

THE OLD RELIABLE STILL IN THE LEAD

If you don't believe it, come in and we will show you. We will give you good goods, low prices, and nice attention.

For Saturday we will have nice fresh fruits and vegetables of all kinds. Large size prime apples, 15c each, bananas 10c per doz., oranges, strawberries, green tomatoes, cucumbers, lettuce, new onions, rhubarb, Texas Bermuda onions, fresh squares of cake, 10c and 20c, fresh potato chips. We sell scrap and fine cut tobacco, 6 for 25c. We are your friends, come in and see us.

J. W. DUFFEE & CO., The Old Reliable Cash Grocers. Both phones No. 77.

Put a hard-wood finish on your worn, scuffed floors.

Do it with SPARTANA, the wonderful Marietta varnish stain.

Spartana has a hundred home-beautifying uses about the house. You can re-finish floors, woodwork, furniture, picture frames, mouldings—making them bright new.

Spartana does not produce the cloudy or muddy effect peculiar to some varnish stains. The surface it produces is clear, bright, elastic, lasting. A quarter buys a half pint tin.

SPARTAN ART WOOD STAINS—The stains de luxe for new interior woodwork. We make the stains for the leading furniture and piano houses of the country, which means that our stains are best adapted to matching furniture.

MARIETTA FLOOR WAX—The practical floor wax where a tango finish is desired.

C. R. PARISH COMPANY

pool rooms, fish pond, arcade, automatic vaudeville, hoop-la, rifle range, booths of all kinds, refreshment stands,—in fact practically everything in the amusement line that can be thought of will be found in Olentangy Park.

Ciccone's Italian Band and the Barracks Drum and Trumpet Corps furnish outdoor music and Seiby's Famous Orchestra provides excellent music in the Dancing Pavilion, while Purger's Orchestra plays in the Theater.

During the entire week beginning May 11th the Democratic Glee Club assisted by other organizations, will give musical and vaudeville entertainments every evening in the theater for the benefit of Camp Johnson, the Park managers having donated the use of the theater for that purpose. The program will be changed each evening.

On Sunday, May 17th, Creatore and his band of sixty Italian musicians, including a number of soloists and grand opera singers, recognized as the greatest musical organization in the country, will begin a fifteen days' engagement in the park theater giving two concerts daily at 2:30 and 8:15 p. m.

During the week of June 1st the attraction in the theater will be a big opera given for the benefit of the Franklin County Pythian Association, and the week of June 8th the Theron D. Perkins' Musical organization and "Peace Spectacle" will occupy the theater, after which Vaughan Glaser and his Company will present high class plays in the theater for the remainder of the season.

Excursions and outings are now being booked for Olentangy Park, and parties desiring to arrange for an excursion or outing should communicate with the Managers of Olentangy Park. Special inducements are offered to excursionists and picnic parties.

SALESMAN SUICIDE

Columbus, O., May 12.—Ray Williams, 25, traveling salesman, died from the effects of an overdose of cyanide of potassium. Williams took the poison in a store with suicidal intent. A wife survives.

L. O. T. M. The regular review of Fayette Hive No. 317, Ladies of the Macca-bees will be held in the Red Men's hall Tuesday, May 12th, 7:30 p. m. ANNA K. DEWEES, L. C. LILLIAN BAUGHN, R. K.

CHILD IS KILLED CREW THREATENED

Cleveland, O., May 12.—Elton Draga, 4, was run over and instantly killed by a streetcar in front of his home. The mother of the child saw the accident and fainted. A large crowd collected and threatened the lives of the car crew. A patrol load of police was necessary to rescue the crew from the mob.

ANTI-TRUST BILLS ARE UNDER FIRE

Railroad Representatives Object to Many Features.

APPEAR BEFORE COMMITTEE

Vigorously Rap the Provision Aimed at Interlocking Directorates and Stock Ownership by One Common Carrier of Another—Regulation by a National Commission Suggested by One Agent.

Washington, May 12.—Administration anti-trust bills framed by committees of both houses of congress were sharply criticised before the senate interstate commerce committee by representatives of some of the leading railroads of the country. There were few features of the bills which were not objected to, but the railroad men protested most vigorously against the provision aimed at interlocking directorates and stock ownership by one common carrier of another and against the proposed delegation of supervisory power to the interstate commerce commission of future issues of securities.

The witnesses, who told the committee they represented about 150,000 miles of railroad, were Judge Robert Scott Lovett, chairman of the Union Pacific board; Samuel Rea, president of the Pennsylvania; Frank Trumbull, chairman of the boards of the Chesapeake & Ohio and Missouri, Kansas & Texas railroads, and A. P. Thom, general counsel in Washington of the Southern.

"It seems to me," said Mr. Trum-

bull, the concluding witness, "that you are burning the barn to get a few rats."

"If you tell us how to get the rats," replied Senator Cummins, "we'll be glad to do it."

Mr. Trumbull declared the railroads were anxious to conform to the law, but they were desirous of seeing the regulatory powers over them confided to a national commission like the interstate commerce commission or left entirely to state commissions. He favored a national commission.

"The railroads," said Mr. Trumbull, "have been working along national lines, but the legislation has been along provincial lines." He added that the railroads had lost more than \$100,000,000 in the last nine months.

"But," said Senator Cummins, "many other corporations have lost proportionately more than this."

"Yes," replied the witness, "that may be right, but that doesn't give us any credit."

Both Judge Lovett and Mr. Thom agreed that there was a general demand throughout the country for legislation in some such form as was proposed. They agreed also, however, that the methods suggested in the senate bill for reaching interlocking directorates and stock ownership of competitive roads were not proper. Judge Lovett declared that the senate bill aimed to make the corporation responsible for preventing interlocking and suggested that congress should instead make the individual director responsible.

PLEADS OLD LAW

Chardon, O., May 12.—Ernest O. Zimmer was placed on trial here for the murder of William Eggleston, Chardon farmer, whom he shot and killed Jan. 17. Zimmer will plead self-defense and the unwritten law. He claimed to Cleveland police after his arrest here that Eggleston had been too friendly with Mrs. Zimmer when the families were neighbors. He said he fired to save his life after Eggleston had shot at him.

STRUCK THIS STATE

Toledo, O., May 12.—A severe electrical storm passed over northern Ohio, many buildings being hit and several lives lost. At Van Wert, Mrs. Abram Drake, 70, was struck by a bolt and killed. Mrs. Frel Elward died of excitement while hurrying to her home in Findlay. Streetcars were put out of commission in Akron. A district school north of Lima was hit by lightning and burned.

JEFFERY MOTOR CAR DEMONSTRATION

This week will be Jeffery week in Washington. The salesroom of Moore and Jamison is being prepared for a demonstration of Jeffery cars such as has never before been attempted in the motor car business in Washington.

The Jeffery Four and Six are reputed to be the first light weight, high grade cars of real comfort to be built in America, possessing a high speed, high efficiency, bloc type motor to sell at less than \$2500.

The success of the Jeffery line is now well known, the factory shipments having increased more than one hundred per cent over the shipments of last year and seven thousand orders from dealers were received during the first ninety days after the announcement of this line.

Now it is quite evident that there will be a shortage of Jeffery cars before the first of June.

INVESTIGATE.

Before buying an auto investigate the Detroit, at C. H. Murray's Garage and Salesroom, on Court street, next to Haynes' Furniture store.

MOTHER IS HELD FOR THE MURDER OF HER DAUGHTER

New Philadelphia, O., May 12.—Mrs. John Grimm, 45, was arrested at her home, four miles west of here, charged with killing her daughter Jessie, 18. The girl's throat was cut from ear to ear with a razor as she was asleep. She was an invalid. According to a story told Sheriff John Polen by Mrs. Lee Kuhn, a daughter, Mrs. Grimm confessed she slew the daughter. Mrs. Kuhn, sister of the murdered girl, told Sheriff Polen that he mother crushed the invalid daughter's skull with an ax before cutting her throat with a razor. Sheriff Polen is of the opinion that the mother is insane.

DEADLY HOUSE FLY

Dr. W. A. Matheny, Professor of Civic Biology, Ohio University, in writing about the house fly, says:

"The house fly, or typhoid fly, is an unmitigated evil. It is the most deadly animal on earth and is not exceeded by the deadly cobra, the most dreaded snake of India. It breeds and feeds in filth and carries the germs of disease wherever it walks. These it leaves on human food or on domestic table utensils from where the germs are taken into the human body. Flies carry germs from the sputum of persons suffering from disease. In the Spanish-American war flies killed twenty-two men to every one killed by the Spaniards. In the camps where the soldiers were kept in this country, typhoid fever raged and carried off soldiers at a frightful rate. It was finally noticed that flies' feet were white. They were then traced to the open vaults and pits where they fed. Flying to the mess tables, they got on the food of sick and well soldiers.

In recent years the cause of a number of diseases has been traced to insect carriers, chief of which is the common fly. The female fly lays 128 eggs at one time, leaving them in the filth to hatch out in six or eight hours. These remain as grubs from six to eight days and then go into the pupa stage in which they remain six to eight days longer, and then hatch out as flies. One fly thus produced will lay 900 eggs in one summer.

Control over the fly has three phases:

First—The left over or hibernating flies should be killed wherever seen in the winter.

Second—The houses and premises should be screened. Keep the flies out, and off the food.

Third—Trapping. A properly constructed screen trap, baited with brown sugar and vinegar with formalin added will destroy them in great numbers. Flies do not go far from their place of hatching. So, if everyone would prevent filth in the way of garbage, etc., from accumulating about their premises, the evils resulting from the deadly house fly would be abated."

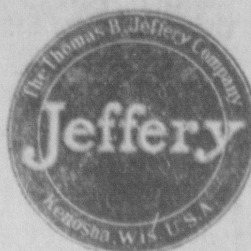

THREE NEW BUILDINGS TO HELP UNIVERSITY

Three more new buildings are now in course of construction at the Ohio State University and will be ready for occupancy when school begins next fall. This includes an addition to the Physics building, made necessary by the loss of the English building, recently destroyed by fire.

Of the other two buildings, one will be used for classes and laboratory work in botany and zoology, and the other for horticultural and forestry work. A new freight depot which will also house the new university laundry will be started as soon as bids are opened on May 19. J. M. Bradford, university architect, expects it to be completed by next November.

The rapid growth of The Ohio State

It's Jeffery Week In Washington Court House, Ohio

Glenn Curtiss, the aviator of Hammondsport, N.Y., perhaps the greatest light engine expert in the world, says:

"I have been running the new Jeffery Six and I am glad to report that the car is as good as it looks and a mechanical masterpiece. The machine is up to date in every respect and incorporates the latest European practice throughout. It has plenty of power and speed, is easy riding and very easy to handle. The engine is quiet and pulls exceptionally well on direct drive at slow speeds. I wish to thank you for your prompt delivery and courteous treatment."

Come in and see the Jeffery

MOORE and JAMISON

Washington C. H., Ohio.

University has made the demand for new buildings pressing. The enrollment is over 4,000 this year and the present buildings are inadequate to house this great number of students. Until last fall the university library was crowded into one room of the geological building, but now a \$250,000 building provides ample accommodations for it.

4,422 FOREIGNERS IN AMERICAN COLLEGES

Nearly Every Country In the World Is Represented.

Washington.—Popularity of American colleges and universities with foreigners is shown by the fact that 4,422 foreign students attended these institutions in 1913, an increase of 577 in two years.

They are distributed over 275 different colleges, universities and schools of technology.

Canada, with 653 students, leads all other countries. China is second, with 594, and Japan third, with 336. Other oriental or Asiatic peoples are represented as follows: India, 162; Turkey, 143; Korea, 13; Persia, 21; Siam, 13.

Of Latin-American countries Mexico, with 223, heads the list. Cuba sends 209; Costa Rica, 29; Guatemala, 15; Honduras, 12; Nicaragua, 18; Panama, 28; Salvador, 19.

From South America, Argentina sends 43; Brazil, 113; Bolivia, 3; Chile, 12; Colombia, 37; Ecuador, 16; Paraguay, 2; Peru, 25; Uruguay, 2; Venezuela, 7.

Great Britain and Ireland are represented by 212; Germany, 122; Russia, 124; France, 45; Sweden, 41; Italy, 38; Austria-Hungary, 34; Switzerland, 29; Norway, 26; Greece, 22; Spain, 20; Netherlands, 19; Bulgaria, 15; Roumania, 6; Belgium, 4; Portugal, 3; Montenegro, 1.

New Zealand is represented by 56 students; Egypt, 15; Liberia, 2; South Africa, 44.

From American possessions Hawaii

sends 108; Porto Rico, 215, and the Philippines, 111.

GROCERS ALSO POLICEMEN.

Three Hundred Kansas City Tradesmen Now Prepared For Swindlers.

Kansas City.—Hereafter if the Kansas City, Kan., housewife needs a policeman in a hurry and cannot find one she may call on the corner grocer to protect the family plate. This was made possible when special police commissions were given to 300 grocers.

The grocers want the commissions mainly to arrest check forgers, money order raisers, short change men and others who victimize them, but they will also serve as neighborhood protectors.

Cost little; pay much—Want ads.

FOR A WELL ORDERED HOUSEHOLD

The scars of use are to be expected, for that is what furniture is for; it is bought with the idea of using it and the more comfortable a chair, the more luxurious a couch or settee, the more knocks they get. A house does not look well ordered if these scratches and knocks are not attended to from time to time. That is where we help you.

USE NYAL'S FURNITURE POLISH!

It makes your furniture look well, wear better, gives lustre and finish; besides, it makes the house more cheerful and comfortable.

TAKES A HAND IN NEW HAVEN MUSS

Department of Justice to Move Against Old Officers,

TO PROBE FINANCIAL AFFAIRS

Interstate Commerce Commission Requested to Refrain From Putting Mellen and the Old Directors On the Stand at This Time—Money Paid by the New Haven in the Promotion of Publicity.

Washington, May 12.—The department of justice has taken a hand in the interstate commerce commission's inquiry into the financial affairs of the New Haven railroad under the old management, and has suggested that the commission refrain from putting Charles S. Mellen and the old directors on the witness stand at this time. The appearance of Mr. Mellen on the stand under oath would, it has been contended, give him immunity from any action by the department of justice.

Besides Mr. Mellen, Solicitor Joseph W. Folk of the interstate commerce commission has summoned William Rockefeller, Lewis Cassiary, George P. Baker and others as witnesses. It is understood that the department of justice objects chiefly to having Mr. Mellen examined at this time.

Attorney General McReynolds' assistant, George C. Todd, intimated that if Mr. Mellen and the members of the board of directors testified it would seriously interfere with plans of the department of justice with reference to the New Haven.

Timothy E. Byrnes, formerly a vice president of the New Haven road in charge of legislative matters and publicity, testified before the interstate commerce commission that there was absolutely no secrecy about payments made by the New Haven in the promotion of publicity, and that the

services of prominent lawyers were obtained at a high cost to help wage a campaign against financial interests that were fighting the road. Mr. Byrnes testified that J. Otis Wardwell of Boston received \$12,000 annually for several years and \$20,000 the last year of his employment by the road to keep the management advised as to the trend of the financial fight on the New Haven and to give advice as to how effectually to resist it.

JERKING DAYTON ACROSS CARPET

Washington, May 12.—Representative Neely of West Virginia, in the house formally impeached United States Judge Alston G. Dayton of the northern district of West Virginia, of alleged high crimes and misdemeanors. He lodged a number of charges with the house judiciary committee and introduced the resolution of impeachment, which will require action by the committee.

A petition signed by more than 9,000 persons requesting the impeachment was filed with the house judiciary committee. Some of the charges were:

"That Judge Dayton had issued injunctions against labor unions, which placed them beyond the pale of the law, and which made their deliberate action conspiracy and their members miscreants and felons; that he has had men and women arrested upon the sole charge of asking other men to join a labor union, and that he, by the use of injunction, has prevented and inhibited the exercise of the constitutional rights of the people to assemble peaceably to petition for redress for wrongs."

REBELS FAIL AT TAMPICO

Mexico City, May 12.—The rebels attacked Tampico and were defeated with serious losses. General Ignacio Morelos Zaragoza, federal commander at Tampico, announced a federal victory in an official message which he sent to the war department.

WIRELESS STOPS FLIGHT OVER SEA

New York, May 12.—Henry Siegel indicted department store proprietor, who sailed away secretly on the ship Olympic, must return to this country by the first steamer he can catch on reaching England. Arthur C. Train, assistant district attorney, wants Siegel's bail forfeited, but Justice Seabury decided after a conference to hold that matter in abeyance for a few days. The attitude of the district attorney was due to an affidavit of a former employee of Siegel, saying that Siegel had requested him to ascertain what countries have extradition treaties with the United States. That affidavit was submitted to Justice Seabury. Following the conference a wireless message was dispatched to Siegel telling him to return by the earliest boat.

CHAUTAUQUA ITEMS

A season ticket for the Chautauqua is an investment in inspiration. You'll do better work for the balance of the year if you take a week off and enjoy the biggest intellectual and inspirational treat ever brought to this community.

Make Chautauqua Week a homecoming week for all the former residents of this locality. Write your friends to visit you here that week.

No entertainment event has ever offered more or promise to the community than the coming Chautauqua. The volume of entertainment, its character and its variety, makes it of interest to every citizen.

Every good influence in the town will receive a substantial boost from the Chautauqua.

"Lives there a man with soul so dead, Who never to himself has said— Of progress lest I block the way, I'll boost the coming Chautauqua."

"Save the home town" is the slogan of many a good town throughout America today. The Chautauqua is a mighty help in that direction. Give the young people the opportunity to see and hear the great men of the day; to hear the great music; to sit at the feet of the great teachers. It is the best investment a town can make in future citizenship.

COLUMBUS A BRANCH

Reserve Bank Committee Completes Work of Organization.

Washington, May 12.—The reserve bank committee announced five banks in each reserve district which have been designated to execute the papers of incorporation for the reserve banks of their districts. The filing of the certificates of incorporation will complete the preliminary work of organization and the election of directors for the reserve banks will be proceeded with immediately. Arrangements have been made with each of the designated banks to have its representatives meet in the clearing houses of their respective bank cities as soon as possible. The organization commissioners expect that all the certificates of incorporation will be in the hands of the comptroller of the currency shortly after May 15.

The banks designated in the Cleveland district are: Phoenix Third National bank of Lexington, Ky.; First National bank of Cincinnati; First National bank of Cleveland; New First National bank of Columbus; and the National Bank of Pittsburgh.

OHIO UNIVERSITY SUMMER SCHOOL

The summer session of Ohio University enrolled nearly 1,200 students in 1913. The remarkable growth of this school is simply a part of the equally remarkable growth of the University in all its departments. When President Ellis entered upon his phenomenally successful administration twelve years ago, the outlook was not promising and even the most hopefully ardent friend of the institution could have had no vision of what the next few years were to bring about. The large, well equipped buildings now in use and in progress of erection, the beautifully kept campus, the united and earnest faculty, and the large and earnest student body all invited to tell the same story—the story of success by intelligent, persistent, painstaking, and well directed effort on the part of President Ellis and those associated with him in the administration of the affairs of this historic university.

In too many instances, the president of the modern college or university has little or nothing to do with the direction of its affairs, except in the most general way, each member of the faculty being a law unto himself and doing practically as he pleases. Ohio University, under the presidency of Doctor Ellis, furnishes a concrete example of a thoroughly supervised institution of higher education, by a president who is "on the job" all the time and who has thorough knowledge of what is going on.—Ohio Educational Monthly.

DROWNS SELF

ROSE TO REPEAT HIS CONFESSION

New York, May 12.—The trial of Charles Becker proceeded smoothly and rapidly after the jury was charged and District Attorney Whitman had outlined the state's case. Jack Rose and William Shapero will be among the first witnesses called by the state. It was Shapero who drove the gray car for the murderers and the brokers in murder. He will be asked whether or not he heard Becker's name used to spur or reassure the gunmen. Most of his story will be new because he was not permitted to testify in the former trial. It is Rose, that clear-witted, gentle-spoken bargainer in assassination, who will endeavor to connect Becker with the killing of Rosenthal and who will repeat his confession that the lieutenant of police hounded him and Webber until they got the word from Jack Zelig that sent the gunmen at Rosenthal.

SWATH CUT BY CYCLONE

Milwaukee, May 12.—The tornado which worked havoc in central Iowa swept over southern Wisconsin, cutting a path from one to four miles wide, while the accompanying electrical storm fired scores of farm buildings and hail ruined crops, causing a money loss of over \$1,000,000, ending four lives and injuring scores. Southern Dane and northern Rock counties were the center of the cyclonic disturbance, but every county in the southern belt of the entire state reports damage from lightning or wind. On Lake Michigan shore a tidal wave swept up the rivers, causing losses to marine interests.

OLENTANGY GREAT AMUSEMENT RESORT

Olentangy Park, the big amusement resort located at Columbus, Ohio, opened its sixteenth successful season under the management of Messrs J. W. and W. J. Dusenbury, on Sunday, May 3rd, with an attendance of over thirty thousand.

The park has been greatly improved and will be better than ever this year. New amusement features have been installed and the entire grounds and all the former popular attractions have been put in first class condition. The Park now includes more than one hundred acres of beautiful and picturesque grounds, through which flows the winding, willowy Olentangy River. All kinds of amusements are found in this great Park, among which are the largest and finest summer theater in the world, the great steel Dancing Pavilion, numerous sensational and thrilling rides, including the only Loop-the-Loop now in existence, the Shoot-the-Shoots, Whirlwind, Scenic Coaster, Figure 8 Toboggan, Aerial Swing, Electric Autos, Carousel, Electric Express, Merry-go-round, and many others.

In addition to the foregoing there are launches, row-boats and canoes on the beautiful river, the Colonnade with its numerous and novel attractions, box ball alleys, billiard and

THE OLD RELIABLE STILL IN THE LEAD

If you don't believe it, come in and we will show you. We will give you good goods, low prices, and nice attention.

For Saturday we will have nice fresh fruits and vegetables of all kinds. Large size prime apples, 15c each, bananas 10c per doz., oranges, strawberries, new tomatoes, cucumbers, lettuce, green onions, rhubarb, Texas Bermuda onions, fresh squares of cake, 10c and 20c, fresh potato chips. We sell scrap and fine cut tobacco, 6 for 25c. We are your friends, come in and see us.

Yours,
J. W. DUFFEE & CO.,
The Old Reliable Cash Grocers.
Both phones No. 77.

Put a hard-wood finish on your worn, scuffed floors.

Do it with SPARTANA, the wonderful Marietta varnish Stain.

Spartana has a hundred home-beautifying uses about the house. You can re-finish floors, woodwork, furniture, picture frames, mouldings—making them bright new.

Spartana does not produce the cloudy or muddy effect peculiar to some varnish stains. The surface it produces is clear, bright, elastic, lasting. A quarter buys a half pint tin.

SPARTAN ART WOOD STAINS—The stains de luxe for new interior woodwork. We make the stains for the leading furniture and piano houses of the country, which means that our stains are best adapted to matching furniture.

MARIETTA FLOOR WAX—The practical floor wax where a tango finish is desired.

C. R. PARISH COMPANY

pool rooms, fish pond, arcade, automatic vaudeville, hoop-la, rifle range, booths of all kinds, refreshment stands,—in fact practically everything in the amusement line that can be thought of will be found in Olentangy Park.

Cincione's Italian Band and the Barracks Drum and Trumpet Corps furnish outdoor music and Seiby's Famous Orchestra provides excellent music in the Dancing Pavilion, while Purger's Orchestra plays in the Theater.

During the entire week beginning May 11th the Democratic Glee Club assisted by other organizations, will give musical and vaudeville entertainments every evening in the theater for the benefit of Camp Johnson, the Park managers having donated the use of the theater for that purpose. The program will be changed each evening.

On Sunday, May 17th, Creatore and his band of sixty Italian musicians, including a number of soloists and grand opera singers, recognized as the greatest musical organization in the country, will begin a fifteen days' engagement in the park theater giving two concerts daily at 2:30 and 8:15 p. m.

During the week of June 1st the attraction in the theater will be a big opera given for the benefit of the Franklin County Pythian Association, and the week of June 8th the Theron D. Perkins Musical organization and "Peace Spectacle" will occupy the theater, after which Vaughan Glaser and his Company will present high class plays in the theater for the remainder of the season.

Excursions and outings are now being booked for Olentangy Park, and parties desiring to arrange for an excursion or outing should communicate with the Managers of Olentangy Park. Special inducements are offered to excursionists and picnic parties.

SALESMAN SUICIDE

Columbus, O., May 12.—Ray Williams, 25, traveling salesman, died from the effects of an overdose of cyanide of potassium. Williams took the poison in a store with suicidal intent. A wife survives.

ANTI-TRUST BILLS ARE UNDER FIRE

Railroad Representatives Object to Many Features.

APPEAR BEFORE COMMITTEE

Vigorously Rap the Provision Aimed at Interlocking Directorates and Stock Ownership by One Common Carrier of Another—Regulation by a National Commission Suggested by One Agent.

Washington, May 12.—Administration anti-trust bills framed by committees of both houses of congress were sharply criticised before the senate interstate commerce committee by representatives of some of the leading railroads of the country. There were few features of the bills which were not objected to, but the railroad men protested most vigorously against the provision aimed at interlocking directorates and stock ownership by one common carrier of another and against the proposed delegation of supervisory power to the interstate commerce commission of future issues of securities.

The witnesses, who told the committee they represented about 150,000 miles of railroad, were Judge Robert Scott Lovett, chairman of the Union Pacific board; Samuel Rea, president of the Pennsylvania; Frank Trumbull, chairman of the boards of the Chesapeake & Ohio and Missouri, Kansas & Texas railroads, and A. P. Thom, general counsel in Washington of the Southern.

"It seems to me," said Mr. Trumbull, "the concluding witness, 'that you are burning the barn to get a few rats.'"

"If you tell us how to get the rats," replied Senator Cummins, "we'll be glad to do it."

Mr. Trumbull declared the railroads were anxious to conform to the law, but they were desirous of seeing the regulatory powers over them confined to a national commission like the interstate commerce commission or left entirely to state commissions. He favored a national commission.

"The railroads," said Mr. Trumbull, "have been working along national lines, but the legislation has been along provincial lines." He added that the railroads had lost more than \$100,000,000 in the last nine months.

"But," said Senator Cummins, "many other corporations have lost proportionately more than this."

"Yes," replied the witness, "that may be right, but that doesn't give us any credit."

Both Judge Lovett and Mr. Thom agreed that there was a general demand throughout the country for legislation in some such form as was proposed. They agreed also, however, that the methods suggested in the senate bill for reaching interlocking directorates and stock ownership of competitive roads were not proper. Judge Lovett declared that the senate bill aimed to make the corporation responsible for preventing interlocking and suggested that congress should instead make the individual director responsible.

PLEADS OLD LAW

Chardon, O., May 12.—Ernest O. Zimmer was placed on trial here for the murder of William Eggleston, Chardon farmer, whom he shot and killed Jan. 17. Zimmer will plead self-defense and the unwritten law. He claimed to Cleveland police after his arrest here that Eggleston had been too friendly with Mrs. Zimmer when the families were neighbors. He said he fired to save his life after Eggleston had shot at him.

STRUCK THIS STATE

Toledo, O., May 12.—A severe electrical storm passed over northern Ohio, many buildings being hit and several lives lost. At Van Wert, Mrs. Abram Drake, 70, was struck by a bolt and killed. Mrs. Frel Elward died of excitement while hurrying to her home in Findlay. Streetcars were put out of commission in Akron. A district school north of Lima was hit by lightning and burned.

JEFFERY MOTOR CAR DEMONSTRATION

This week will be Jeffery week in Washington. The salesroom of Moore and Jamison is being prepared for a demonstration of Jeffery cars such as has never before been attempted in the motor car business in Washington.

The Jeffery Four and Six are reputed to be the first light weight, high grade cars of real comfort to be built in America, possessing a high speed, high efficiency, bloc type motor to sell at less than \$2500.

The success of the Jeffery line is now well known, the factory shipments having increased more than one hundred per cent over the shipments of last year and seven thousand orders from dealers were received during the first ninety days after the announcement of this line.

Now it is quite evident that there will be a shortage of Jeffery cars before the first of June.

INVESTIGATE.

Before buying an auto investigate the Detroit, at C. H. Murray's Garage and Salesroom, on Court street, next to Haynes' Furniture store.

MOTHER IS HELD FOR THE MURDER OF HER DAUGHTER

New Philadelphia, O., May 12.—Mrs. John Grimm, 45, was arrested at her home, four miles west of here, charged with killing her daughter Jessie, 18. The girl's throat was cut from ear to ear with a razor as she was asleep. She was an invalid. According to a story told Sheriff John Polen by Mrs. Lee Kuhn, a daughter, Mrs. Grimm confessed she slew the daughter. Mrs. Kuhn, sister of the murdered girl, told Sheriff Polen that the mother crushed the invalid daughter's skull with an ax before cutting her throat with a razor. Sheriff Polen is of the opinion that the mother is insane.

DEADLY HOUSE FLY

Dr. W. A. Matheny, Professor of Civic Biology, Ohio University, in writing about the house fly, says:

"The house fly, or typhoid fly, is an unmitigated evil. It is the most deadly animal on earth and is not exceeded by the deadly cobra, the most dreaded snake of India. It breeds and feeds in filth and carries the germs of disease wherever it walks. These it leaves on human food or on domestic table utensils from where the germs are taken into the human body. Flies carry germs from the sputum of persons suffering from disease. In the Spanish-American war flies killed twenty-two men to every one killed by the Spaniards. In the camps where the soldiers were kept in this country, typhoid fever raged and carried off soldiers at a frightful rate. It was finally noticed that flies' feet were white. They were then traced to the open vaults and pits where they fed. Flying to the mess tables, they got on the food of sick and well soldiers.

In recent years the cause of a number of diseases has been traced to insect carriers, chief of which is the common fly. The female fly lays 128 eggs at one time, leaving them in the filth to hatch out in six or eight hours. These remain as grubs from six to eight days and then go into the pupa stage in which they remain six to eight days longer, and then hatch out as flies. One fly thus produced will lay 900 eggs in one summer.

Control over the fly has three phases:

First—The left over or hibernating flies should be killed wherever seen in the winter.

Second—The houses and premises should be screened. Keep the flies out, and off the food.

Third—Trapping. A properly constructed screen trap, baited with brown sugar and vinegar with formalin added will destroy them in great numbers. Flies do not go far from their place of hatching. So, if everyone would prevent filth in the way of garbage, etc., from accumulating about their premises, the evils resulting from the deadly house fly would be abated."

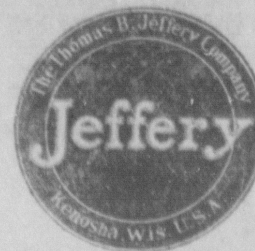

THREE NEW BUILDINGS TO HELP UNIVERSITY

Three more new buildings are now in course of construction at the Ohio State University and will be ready for occupancy when school begins next fall. This includes an addition to the Physics building, made necessary by the loss of the English building, recently destroyed by fire.

Of the other two buildings, one will be used for classes and laboratory work in botany and zoology, and the other for horticultural and forestry work. A new freight depot which will also house the new university laundry will be started as soon as bids are opened on May 19. J. M. Bradford, university architect, expects it to be completed by next November.

The rapid growth of The Ohio State

It's Jeffery Week In Washington Court House, Ohio

Glenn Curtiss, the aviator of Hammondsport, N.Y., perhaps the greatest light engine expert in the world, says:

"I have been running the new Jeffery Six and I am glad to report that the car is as good as it looks and a mechanical masterpiece. The machine is up to date in every respect and incorporates the latest European practice throughout. It has plenty of power and speed, is easy riding and very easy to handle. The engine is quiet and pulls exceptionally well on direct drive at slow speeds. I wish to thank you for your prompt delivery and courteous treatment."

Come in and see the Jeffery

MOORE and JAMISON

Washington C. H., Ohio.

University has made the demand for new buildings pressing. The enrollment is over 4,000 this year and the present buildings are inadequate to house this great number of students. Until last fall the university library was crowded into one room of the geological building, but now a \$250,000 building provides ample accommodations for it.

4,422 FOREIGNERS IN AMERICAN COLLEGES

Nearly Every Country In the World is Represented.

Washington.—Popularity of American colleges and universities with foreigners is shown by the fact that 4,422 foreign students attended these institutions in 1913, an increase of 577 in two years.

They are distributed over 275 different colleges, universities and schools of technology.

Canada, with 653 students, leads all other countries. China is second, with 594, and Japan third, with 336. Other oriental or Asiatic peoples are represented as follows: India, 102; Turkey, 143; Korea, 15; Persia, 21; Siam, 13.

Of Latin-American countries Mexico, with 223, heads the list. Cuba sends 209; Costa Rica, 29; Guatemala, 15; Honduras, 12; Nicaragua, 18; Panama, 28; Salvador, 19.

From South America, Argentina sends 43; Brazil, 113; Bolivia, 3; Chile, 12; Colombia, 37; Ecuador, 16; Paraguay, 2; Peru, 25; Uruguay, 2; Venezuela, 7.

Great Britain and Ireland are represented by 212; Germany, 122; Russia, 124; France, 45; Sweden, 41; Italy, 38; Austria-Hungary, 34; Switzerland, 29; Norway, 26; Greece, 22; Spain, 20; Netherlands, 19; Bulgaria, 15; Roumania, 6; Belgium, 4; Portugal, 3; Montenegro, 1.

New Zealand is represented by 56 students; Egypt, 15; Liberia, 2; South Africa, 44.

GROCERS ALSO POLICEMEN.

Three Hundred Kansas City Tradesmen Now Prepared For Swindlers. Kansas City.—Hereafter if the Kansas City, Kan., housewife needs a policeman in a hurry and cannot find one she may call on the corner grocer to protect the family plate. This was made possible when special police commissions were given to 300 grocers.

The grocers want the commissions mainly to arrest check forgers, money order raisers, short change men and others who victimize them, but they will also serve as neighborhood protectors.

Cost little; pay much—Want ads.

FOR A WELL ORDERED HOUSEHOLD

The scars of use are to be expected, for that is what furniture is for; it is bought with the idea of using it and the more comfortable a chair, the more luxurious a couch or settee, the more knocks they get. A house does not look well ordered if these scratches and knocks are not attended to from time to time. That is where we help you.

USE NYAL'S FURNITURE POLISH!

It makes your furniture look well, wear better, gives lustre and finish; besides, it makes the house more cheerful and comfortable.

WILL TAKE 3 LIVES FOR 1

By Associated Press.

Juarez, Mexico, May 12.—Three American lives for every one in his command killed by Rebel soldiers, is the toll he expects to collect, according to a defiant dispatch received from Gen. Rogio Quevedo, today.

Quevedo said he would kill the Americans at the ratio of three to one for every man he has lost, as revenge.

The Big Northern Cattle Company of Chihuahua, owned by Americans, has demanded protection of the rebels.

ATTENDS BRIGADE MEETING TODAY

Major George C. Parrett, of Lyndon, was in this city Tuesday on his way to Columbus to attend a brigade meeting of the Uniform Rank, K. of P.

Mr. Parrett is one of the most active Uniform Rank members in the state, and is a former well known resident of Fayette county.

SENIOR CLASS DAY

The Seniors are planning for a most attractive and novel class day program on the evening of May 22nd.

The class officers will appear and new features will be introduced.

The Glee clubs are now in rehearsal for special music.

Read about the Fayette Credit Bureau in this issue.

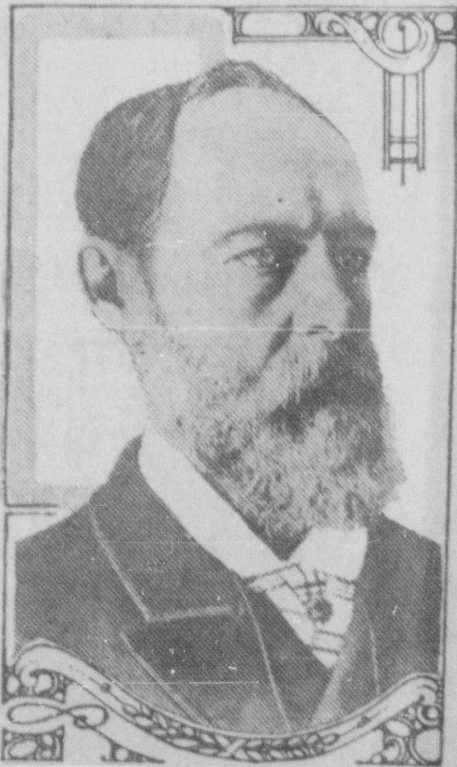

ROYAL PRINCES IN UNION ARMY

Count of Paris and Relatives Served Under McClellan.

IN the Union Army of the Potomac, serving under General McClellan, were three men, each having a claim on the throne of France. They were the Count of Paris, pretender to the throne; his brother, the Duke of Chartres, and the Prince de Joinville, who was uncle to the two others. They were members of the royal house of France, removed from the sovereignty by the revolution of 1848. The representative one of the three princes was the Count of Paris, for he would have been king of France if the royalists had been able to establish him there.

Although the Count of Paris was on headquarters duty—he served as a captain and aide-de-camp under the title of Louis Philippe d'Orleans—he was by no means a carpet knight, but one of the rough and ready soldiers who braved danger and hardships with his American comrades like a yeoman. prince though he was and king that might be. The fact that he was a student and observer as well as a daring man of arms no doubt gave a sober hue to the personal recollections of the war which he published in Europe and America, yet his observations are so frank and earnest that, coming from a foreigner of rank so exalted, they have all the interest of the most stirring narratives.

The count reached Washington shortly after the battle of Bull Run, when Scott was general in chief, and was assigned to duty on the staff of McClellan, who had just arrived on the Potomac to command the forces in front of the capital. In those days the army was being created from the mob of volunteers, and there were many sights strange to the eyes of observant foreigners. One of the earliest per-

COUNT OF PARIS (FROM PHOTOGRAPH TAKEN SHORTLY BEFORE HIS DEATH IN 1894).

sonal incidents narrated in his history of the civil war is of a balloon trip he made from the Union camp, near Fairfax, over the opposing lines, which were very close at that point.

The Confederates, he says, were straggling about their quarters and hanging over their campfires gossiping or waiting for their rations, while on the Union side the troops were under arms and engaged in drilling or dress parade. Of the count's headquarters services General McClellan has many good words in his memoirs. He took the dangerous and disagreeable things incident to his calling as an aid with the best grace. His first experience in real war in this service was had at Yorktown, on the peninsula.

The services of the count ended with a week after the battle of Gaines' Mill and covered a period of about ten months. Although an alien, he held very decided opinions upon the issue of the war, and his work shows that he was guided by conviction.

The Nation's Dead

Beside the army of her dead
Once more the Nation stands
With banners waving at her back

And blossoms in her hands.
With equal love and grief and pride,

Impartially, today
She drops her roses and her tears

Upon the Blue and Gray.

Forgotten are the years of strife,
The cause they lost or won.

Each sleeper in the silent tents
Is her beloved son.

The uniforms are ashes now,
The swords and guns are rust,

But Memory's eternal green
Is rooted in their dust.

—Minna Irving in Leslie's.

OLD GLORY ON MEMORIAL DAY.

OF all the many questions that are constantly being asked the war department at Washington to answer the one most frequently put before it is as to the correct position of flying Old Glory on Memorial day at army posts and stations.

To those who have no relation to the military service it is almost the universal belief that the flag should be displayed at half staff all of May 30, but this is not so, for paragraph 444 of the army regulations prescribes as follows:

"444. On Memorial day, May 30, at all army posts and stations the national flag will be displayed at half staff from sunrise till midday, and immediately before noon the band, or field music, will play some appropriate air, and the national salute of twenty-one guns will be fired at 12 m. at all posts and stations provided with artillery. At the conclusion of this memorial tribute at noon the flag will be hoisted to the top of the staff and will remain there until sunset. When hoisted to the top of the staff the flag will be saluted by playing one or more appropriate patriotic airs. In this way fitting testimonial of respect for the heroic dead and honor to their patriotic devotion will be appropriately rendered."

MEMORIAL DAY'S PRETTIEST CEREMONY.

IN the opinion of many persons the most touching ceremony of Memorial day is casting flowers on the waters in memory of those who perished at sea. Sometimes a little boat covered with flowers is used. As the tiny vessel, blossom laden, passes down the current it bears with it the silent prayers of those assembled to witness the observance. Here is an account of the flower ceremony as practiced on a recent Memorial day in San Francisco:

Finished With Glazed Surface

"The tides of yesterday, as they swung backward and forward over the sea, were laden with the blossoms of Memorial day. Though the ocean is fickle and the graves of its heroes are unmarked and unknown, many a wave carried emblems of the love and honor which a freed and united people bear for the loyal men who battled in the years gone by for America's independence, first on land, then on sea, and then for her unity.

"The flowers were destined for the rolling waves which surge above the

The sentiments are beautifully expressed in flinging to the sea the flowers which on land graced the identified graves of loyal men whose bravery is recorded in history and whose valor the world sings.

"A solemn hush and awe fell as the chaplain offered up a prayer to the God in whom the nation trusts. A brief prayer it was—a simple petition without oratorical effort, a plea from the nation straight from the heart to the throne of the Almighty.

"After the prayer there were an address, a recitation and an oration. 'Nearer, My God, to Thee' was sung by a quartet. Then followed the throwing of flowers to the waves. With bared heads the entire congregation joined. It was as though each wave which rolled by was intrusted with a burden of floral greeting which would be carried inevitably above the sepulcher of a forgotten hero, there to rise and sink with rhythmic swing, an expression of the people's gratitude to one who had died amid the roaring of cannon and the crash of ship on ship. A detail of the naval militia from the United States steamship Marion fired the minute guns and then the audience joined in singing 'America,' after which the Lord's Prayer was recited.

"But next to the consigning of flowers to the waves the playing of 'taps' was the thrilling item on the program. It was played by a veteran of the navy. The notes floated out over the billows like a benediction."

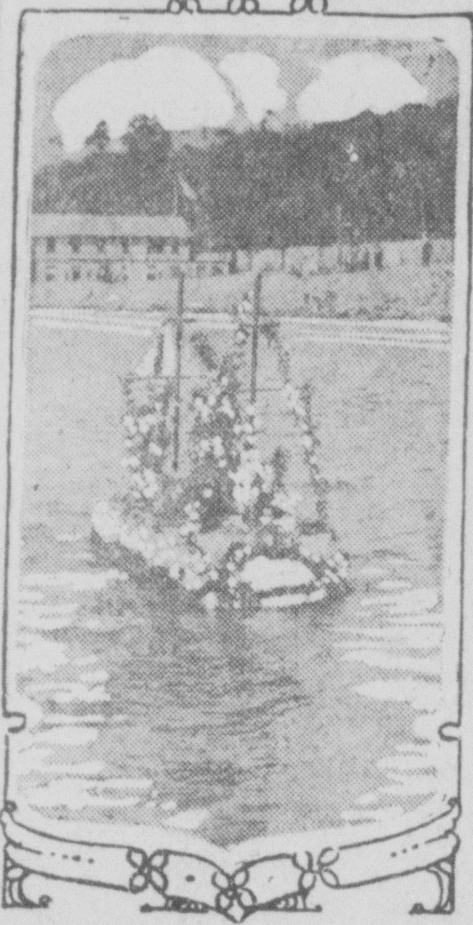

Hope.
